°F

1880 - 1884

1
00:00:00,020 --> 00:00:04,070

Earth just experienced the warmest year on record, again.

2
00:00:12,220 --> 00:00:16,280

2016 was the third year in a row with record-high surface temperature,

3
00:00:20,460 --> 00:00:24,510

part of a decades-long warming trend.
