

1

00:00:00,000 --> 00:00:04,637

Six things you don't know about snow

2

00:00:06,072 --> 00:00:12,078

#1: Snow covers 30 percent of land on Earth.

3

00:00:14,447 --> 00:00:19,252

#2: More than 1.2 billion people rely on water from snowpack and glaciers.

4

00:00:22,422 --> 00:00:28,528

#3: Snowmelt is the main source of water for 60 million Americans.

5

00:00:29,863 --> 00:00:35,602

#4: Since 1967, 1 million square miles of spring snow cover has disappeared from the Northern Hemisphere.

6

00:00:36,336 --> 00:00:43,576

#5: 70 percent of water from the snow-fed San Joaquin River irrigates California's Central Valley.
