

1

00:00:02,240 --> 00:00:09,980

Particles or droplets suspended in the sky are called aerosols.

2

00:00:10,000 --> 00:00:14,980

They influence cloud formation, climate, and people's health.

3

00:00:21,440 --> 00:00:16,980

Some come from these.

4

00:00:21,460 --> 00:00:22,570

NASA's PACE mission

5

00:00:22,590 --> 00:00:25,270

will help scientists study aerosols,
