00:00:00,230 --> 00:00:03,830

[Music]

2
00:00:07,349 --> 00:00:05,829

hubble is our premier observatory

3
00:00:10,470 --> 00:00:07,359

orbiting the earth

4
00:00:12,549 --> 00:00:10,480

unraveling the mysteries of the universe

5
00:00:16,230 --> 00:00:12,559

we did five missions

6
00:00:19,510 --> 00:00:16,240

to upgrade and service the telescope

7
00:00:21,590 --> 00:00:19,520

hello i'm john grunsfeld nasa astronaut

8
00:00:24,150 --> 00:00:21,600

you might wonder how did we learn to do

9
00:00:26,550 --> 00:00:24,160

the complex tasks using all the cool

10
00:00:28,440 --> 00:00:26,560

tools that we used on the hubble space

11
00:00:31,990 --> 00:00:28,450

telescope

12
00:00:33,750 --> 00:00:32,000

[Music]

13
00:00:34,870 --> 00:00:33,760

one of the things that makes humans

14

00:00:36,069 --> 00:00:34,880

unique

15

00:00:38,549 --> 00:00:36,079

and certainly one of the things that

16

00:00:41,110 --> 00:00:38,559

makes it a lot of fun to work on space

17

00:00:42,470 --> 00:00:41,120

walks is developing tools

18

00:00:44,630 --> 00:00:42,480

you know there are other animals that

19

00:00:46,389 --> 00:00:44,640

use tools but nobody

20

00:00:48,350 --> 00:00:46,399

in the animal kingdom ever came up with
