

This Is How Hubble's Servicing Mission 4

CHANGED EVERYTHING

1
00:00:00,000 --> 00:00:07,274
4, 3, 2, 1, liftoff of Space
Shuttle Atlantis, and the final

2
00:00:07,274 --> 00:00:11,111
visit to enhance the vision of
Hubble into the deepest grandeur

3
00:00:11,111 --> 00:00:13,680
of our universe!

4
00:00:13,680 --> 00:00:36,570
[UPLIFTING MUSIC]

5
00:00:36,570 --> 00:00:39,439
Hubble threw us a few
curves, but I think it's really

6
00:00:39,439 --> 00:00:43,777
a testament to the whole team,
onboard here, onboard the

7
00:00:43,777 --> 00:00:48,782
Atlantis, and of course on the
ground. The Goddard team, that

8
00:00:48,782 --> 00:00:52,786
we were able to overcome them,
and we have a Wide Field Camera

9
00:00:52,786 --> 00:00:55,789
3 in the telescope which will
help to unlock the secrets of

10
00:00:55,789 --> 00:00:56,957
the universe.

11
00:00:56,957 --> 00:02:01,088
[UPLIFTING MUSIC]

12

00:02:01,088 --> 00:02:04,958

Welcome home Atlantis,
congratulations on a very

13

00:02:04,958 --> 00:02:09,229

successful mission, giving
Hubble a new set of eyes that
