

1  
00:00:09,669 --> 00:00:04,390  
hi this is a video about how to make

2  
00:00:13,110 --> 00:00:11,589  
first you mix a quarter cup of softened

3  
00:00:15,030 --> 00:00:13,120  
butter

4  
00:00:16,630 --> 00:00:15,040  
with a quarter cup of sugar

5  
00:00:17,750 --> 00:00:16,640  
the butter should be soft so it will mix

6  
00:00:19,029 --> 00:00:17,760  
well

7  
00:00:22,870 --> 00:00:19,039  
it was hard to keep everything in the

8  
00:00:27,670 --> 00:00:24,710  
once it's mixed into sugary lumps you

9  
00:00:33,510 --> 00:00:31,349  
half a teaspoon of vanilla extract

10  
00:00:35,030 --> 00:00:33,520  
and then mix it again

11  
00:00:39,270 --> 00:00:35,040  
i had to keep pushing it down the sides

12  
00:00:44,310 --> 00:00:41,190  
next you add one and a quarter cups of

13  
00:00:44,320 --> 00:00:48,389

and one teaspoon of baking powder

14

00:00:48,399 --> 00:00:55,350

and then mix it again

15

00:00:58,790 --> 00:00:57,270

it took a long time to push the mix into

16

00:01:00,709 --> 00:00:58,800

a ball

17

00:01:04,229 --> 00:01:00,719

i started with a spoon and then used my

18

00:01:08,149 --> 00:01:06,070

finally it felt like dough

19

00:01:10,230 --> 00:01:08,159

spread some flour on a pastry cloth or

20

00:01:11,830 --> 00:01:10,240

on the counter if you don't have one

21

00:01:14,140 --> 00:01:11,840

and then get some flour on both sides of

22

00:01:16,789 --> 00:01:14,150

the dough and flatten it a little

23

00:01:18,950 --> 00:01:16,799

[Music]

24

00:01:20,310 --> 00:01:18,960

roll it up flat go in both directions

25

00:01:23,350 --> 00:01:20,320

and stop when it's about as thick as a

26

00:01:27,109 --> 00:01:25,109

then cut it out into some shapes we

27

00:01:29,030 --> 00:01:27,119

tried two different ones

28

00:01:31,109 --> 00:01:29,040

you can even use an empty jar to make

29

00:01:33,190 --> 00:01:31,119

circles put them on a metal pan covered

30

00:01:35,350 --> 00:01:33,200

with parchment paper if you have it bake

31

00:01:37,429 --> 00:01:35,360

them in the oven at 375 degrees

32

00:01:39,030 --> 00:01:37,439

fahrenheit for 10 to 12 minutes you

33

00:01:40,630 --> 00:01:39,040

should have an adult do this part

34

00:01:42,230 --> 00:01:40,640

carefully take them off the pan and let

35

00:01:43,990 --> 00:01:42,240

them cool for a little while as you're

36

00:01:46,149 --> 00:01:44,000

making the icing

37

00:01:50,630 --> 00:01:46,159

add milk slowly to one and a half cups

38

00:01:55,670 --> 00:01:52,230

keep adding and mixing until it starts

39

00:01:59,030 --> 00:01:55,680

to feel a little runny

40

00:02:00,870 --> 00:01:59,040

it goes fast at the end so be careful

41

00:02:02,630 --> 00:02:00,880

divide into two bowls to make yellow

42

00:02:05,030 --> 00:02:02,640

frosting add three drops of yellow food

43

00:02:09,910 --> 00:02:05,040

coloring to make orange use two drops of

44

00:02:09,920 --> 00:02:13,170

spread the yellow on first

45

00:02:13,180 --> 00:02:21,270

[Music]

46

00:02:23,460 --> 00:02:22,630

then yours will be orange in a neat

47

00:02:25,589 --> 00:02:23,470

pattern

48

00:02:28,869 --> 00:02:25,599

[Music]

49

00:02:33,350 --> 00:02:30,550

then you can use a toothpick to mix the

50

00:02:36,869 --> 00:02:33,360

orange in and make it look like the sun

51  
00:02:40,869 --> 00:02:38,630  
to make some spots we use chocolate

52  
00:02:42,470 --> 00:02:40,879  
chips and cake writing gel they are dark

53  
00:02:45,030 --> 00:02:42,480  
areas that are cooler than what's around

54  
00:02:46,550 --> 00:02:45,040  
them when the sun is active it has more

55  
00:02:48,390 --> 00:02:46,560  
sometimes the sun is quiet and doesn't

56  
00:02:50,949 --> 00:02:48,400  
have any so we left a few cookies

57  
00:02:53,509 --> 00:02:50,959  
playing that's it you're done

58  
00:02:54,990 --> 00:02:53,519  
except for the best part

59  
00:02:56,949 --> 00:02:55,000  
make sure to help clean up

60  
00:02:58,710 --> 00:02:56,959  
[Music]

61  
00:03:01,790 --> 00:02:58,720  
want to know more about the sun
