

1  
00:00:18,779 --> 00:00:16,230  
aware of safety is an instrumental rock

2  
00:00:20,540 --> 00:00:18,789  
band it branches on more of the

3  
00:00:23,569 --> 00:00:20,550  
experimental side there's the

4  
00:00:26,640 --> 00:00:23,579  
improvisational side of jazz there's a

5  
00:00:30,179 --> 00:00:26,650  
heavy-hitting sound of rock being able

6  
00:00:32,519 --> 00:00:30,189  
to treat sound as an instrument and be

7  
00:00:34,380 --> 00:00:32,529  
able to dig for more abstract sounds and

8  
00:00:37,799 --> 00:00:34,390  
things to play live mixing electronics

9  
00:00:40,530 --> 00:00:37,809  
and acoustics the music's half of me but

10  
00:00:42,840 --> 00:00:40,540  
the other half I've landed probably the

11  
00:00:45,690 --> 00:00:42,850  
best gig of all work for the Jet

12  
00:00:48,299 --> 00:00:45,700  
Propulsion lab and build 1x marvel some

13  
00:00:50,360 --> 00:00:48,309

of the most brilliant engineers are the

14

00:00:53,100 --> 00:00:50,370

ones who have that sort of artistic

15

00:00:55,350 --> 00:00:53,110

quality about them you gotta do see we

16

00:00:58,709 --> 00:00:55,360

want to do anyone who tells you you

17

00:01:00,990 --> 00:00:58,719

can't listen to them maybe they're right

18

00:01:02,970 --> 00:01:01,000

I doubt it tell them where to put it and
