

1
00:00:00,000 --> 00:00:14,000
(Sound effect and music)

2
00:00:14,000 --> 00:00:19,000
There's Voyager crossing over into interstellar space.

3
00:00:19,000 --> 00:00:22,000
It is the farthest thing we've ever sent anywhere.

4
00:00:22,000 --> 00:00:27,000
Voyager accomplished its mission so brilliantly, and now goes on.

5
00:00:27,000 --> 00:00:35,000
This vehicle, which is long passed its expected service life is still sending messages.

6
00:00:35,000 --> 00:00:39,000
To go beyond what we know in our neighborhood.

7
00:00:39,000 --> 00:00:45,000
We are boldly going where no one has gone before. It's as simple as that.

8
00:00:45,000 --> 00:00:49,000
This is awesome.

9
00:00:49,000 --> 00:00:57,000
The Voyager record and really the Voyager mission were conceived and executed on behalf of all humankind.

10
00:00:57,000 --> 00:01:04,000
with the sounds and heartbeats and whale sounds, and all the different languages of the world.

11
00:01:04,000 --> 00:01:07,000
'Hello from the children of planet Earth'

12
00:01:07,000 --> 00:01:11,000
My name is Nick Sagan. I'm the son of Carl Sagan and in the 70's I recorded,

13
00:01:11,000 --> 00:01:15,000

'Hello from the children of planet Earth,' for the Voyager Golden Record.

14

00:01:15,000 --> 00:01:18,000

Dad would be enormously proud. It would be a great celebration. It's an amazing accomplishment.

15

00:01:18,000 --> 00:01:21,000

(Portuguese for 'Peace and happiness to all')

16

00:01:21,000 --> 00:01:26,000

I was selected to do Portuguese.

17

00:01:26,000 --> 00:01:32,000

It's hard to imagine aliens being able to decipher the Golden record.

18

00:01:32,000 --> 00:01:39,000

But if they can decipher it, I like to think that they'll take our message in a positive spirit.

19

00:01:39,000 --> 00:01:47,000

So we stand today at the threshold of a great epoch of infinite potential for discovery and exploration.

20

00:01:47,000 --> 00:01:53,000

This is not science fiction. This is better than science fiction. This is science reality.

21

00:01:53,000 --> 00:01:55,000

So Voyager I bid you farewell.

22

00:01:55,000 --> 00:02:00,000

And thank you for being our ambassador.

Job well done.

23

00:02:00,000 --> 00:02:07,000

You should write. You should maybe drop a postcard. Let us know how you're doing so we shouldn't worry.

24

00:02:07,000 --> 00:02:10,000

Congratulations to every one on the Voyager team.

25

00:02:10,000 --> 00:02:14,000

But don't stop there. Many more worlds to explore.
