00:00:01,420 --> 00:00:03,460
[typing sounds]

2
00:00:06,060 --> 00:00:08,520
Nat had a fascination with languages,

3
00:00:08,780 --> 00:00:11,300
so he moved to Japan to study Japanese.

4
00:00:12,060 --> 00:00:16,680
While in school, he also excelled at computer science.

5
00:00:16,940 --> 00:00:23,180
This newfound love of digital languages led him to eventually work on popular video games.

6
00:00:23,840 --> 00:00:25,920
And when these passions collided with the
cosmos,

7
00:00:26,320 --> 00:00:28,400
his future unfolded.

8
00:00:28,980 --> 00:00:34,200
Now, Nat builds augmented reality software
for Mars exploration at JPL.

9
00:00:34,500 --> 00:00:37,380
A place where every day he gets to

10
00:00:37,480 --> 00:00:44,480
"Dare Mighty Things."
