

# *PERSEVERANCE*

1  
00:00:05,300 --> 00:00:02,840  
NASA's newest Rover is gearing up for

2  
00:00:06,889 --> 00:00:05,310  
its journey to Mars we've been building

3  
00:00:09,980 --> 00:00:06,899  
the rover and getting it ready for

4  
00:00:12,499 --> 00:00:09,990  
launch and kids across the country have

5  
00:00:14,720 --> 00:00:12,509  
played a big part too we asked for your

6  
00:00:18,080 --> 00:00:14,730  
help to name the rover and you answered

7  
00:00:20,650 --> 00:00:18,090  
the call twenty-eight thousand kids sent

8  
00:00:23,900 --> 00:00:20,660  
in their essays with their best ideas

9  
00:00:26,060 --> 00:00:23,910  
4700 judges helped narrow them down and

10  
00:00:30,400 --> 00:00:26,070  
the world weighed in on their favorites

11  
00:00:33,680 --> 00:00:30,410  
- thanks to you we now have a name

12  
00:00:39,560 --> 00:00:36,910  
cheerio singing in sight spirit

13  
00:00:42,260 --> 00:00:39,570

opportunity gate if you think about it

14

00:00:45,020 --> 00:00:42,270

all of these names of past Mars rovers

15

00:00:48,100 --> 00:00:45,030

are qualities we possess as humans we

16

00:00:50,509 --> 00:00:48,110

are always curious and seek opportunity

17

00:00:54,470 --> 00:00:50,519

we have the spirit and insight to

18

00:00:56,270 --> 00:00:54,480

explore the moon Mars and Beyond but if

19

00:00:58,340 --> 00:00:56,280

Rovers are to be the qualities of us as

20

00:01:02,030 --> 00:00:58,350

a race we missed the most important

21

00:01:04,160 --> 00:01:02,040

thing perseverance we as humans evolved

22

00:01:07,460 --> 00:01:04,170

as creatures who could learn to adapt to

23

00:01:10,040 --> 00:01:07,470

any situation no matter how harsh we are

24

00:01:12,499 --> 00:01:10,050

a species of explorers and we will meet

25

00:01:16,820 --> 00:01:12,509

many setbacks on the way to Mars however

26  
00:01:19,219 --> 00:01:16,830  
we can persevere we not as a nation but

27  
00:01:20,630 --> 00:01:19,229  
as humans will not give up the human

28  
00:01:26,360 --> 00:01:20,640  
race will always persevere into the

29  
00:01:30,620 --> 00:01:28,730  
that name is going to live on Mars

30  
00:01:35,190 --> 00:01:30,630  
forever because it's going to be etched

31  
00:01:40,710 --> 00:01:38,130  
the Rovers mission is to seek signs of

32  
00:01:42,899 --> 00:01:40,720  
ancient life collect rock samples for

33  
00:01:45,510 --> 00:01:42,909  
future retrieval and to pave the way for

34  
00:01:47,249 --> 00:01:45,520  
human exploration of Mars someday it's

35  
00:01:49,859 --> 00:01:47,259  
going to be a very exciting mission and

36  
00:01:52,590 --> 00:01:49,869  
perseverance is going to be crucial to

37  
00:01:54,899 --> 00:01:52,600  
it all thanks to all who helped us get
