

1
00:00:08,310 --> 00:00:04,470
we

2
00:00:10,390 --> 00:00:08,320
translated out

3
00:00:12,789 --> 00:00:10,400
but unlike every other flight where we

4
00:00:14,950 --> 00:00:12,799
gone out we didn't come back again

5
00:00:16,790 --> 00:00:14,960
this is about where we landed and prior

6
00:00:19,029 --> 00:00:16,800
to that we can see that we went to 10

7
00:00:21,269 --> 00:00:19,039
meters altitude

8
00:00:22,230 --> 00:00:21,279
and then come down again the lat looks

9
00:00:24,230 --> 00:00:22,240
great
