

1  
00:00:06,950 --> 00:00:05,030  
atlanta is now 490 feet away from the

2  
00:00:09,110 --> 00:00:06,960  
international space station as it has

3  
00:00:10,950 --> 00:00:09,120  
begun its fly around of the complex

4  
00:00:33,910 --> 00:00:10,960  
moving up above the

5  
00:00:38,069 --> 00:00:36,549  
the spatial atlanta is now 600 feet

6  
00:00:55,670 --> 00:00:38,079  
away from the international space

7  
00:00:59,510 --> 00:00:57,189  
east bay shuttle atlanta is currently

8  
00:01:01,510 --> 00:00:59,520  
660 feet away from the international

9  
00:01:11,590 --> 00:01:01,520  
space station continuing its fly around

10  
00:01:16,070 --> 00:01:13,990  
the two vehicles orbiting 209 statute

11  
00:01:31,830 --> 00:01:16,080  
miles above the atlantic ocean about to

12  
00:01:34,950 --> 00:01:33,190  
the space shuttle atlanta is now

13  
00:01:50,149 --> 00:01:34,960

directly below the international space

14

00:01:53,590 --> 00:01:51,670

this is mission control houston with the

15

00:01:55,670 --> 00:01:53,600

view from a camera in the docking

16

00:01:57,749 --> 00:01:55,680

mechanism of the spatial atlantis now

17

00:01:59,830 --> 00:01:57,759

one hour and eight minutes after

18

00:02:02,630 --> 00:01:59,840

atlantis undocked from the station

19

00:02:04,149 --> 00:02:02,640

continuing a fly around of the complex

20

00:02:05,510 --> 00:02:04,159

about to

21

00:02:07,429 --> 00:02:05,520

east atlanta

22

00:02:09,589 --> 00:02:07,439

ground two are you still getting that ku

23

00:02:11,430 --> 00:02:09,599

down there
