

1  
00:00:06,950 --> 00:00:03,830  
i'd like to go inside

2  
00:00:20,870 --> 00:00:06,960  
and explain to you the kiba experiment

3  
00:00:20,880 --> 00:00:43,270  
foreign

4  
00:00:46,869 --> 00:00:44,630  
i'm inside

5  
00:00:49,430 --> 00:00:46,879  
the keyboard module

6  
00:00:53,430 --> 00:00:49,440  
this is a weight length weightless

7  
00:01:08,310 --> 00:00:55,110  
just see

8  
00:01:38,710 --> 00:01:10,870  
and right next to me are the experiment

9  
00:01:44,310 --> 00:01:40,550  
and behind him

10  
00:01:48,789 --> 00:01:45,910  
will be utilized for life science

11  
00:01:54,149 --> 00:01:52,069  
and so cells will be cultured here all

12  
00:01:56,310 --> 00:01:54,159  
kinds of experiments will be carried out

13  
00:01:57,590 --> 00:01:56,320

using this these acts

14

00:02:03,429 --> 00:01:57,600

and

15

00:02:05,270 --> 00:02:03,439

which is now covered with white sheets

16

00:02:06,709 --> 00:02:05,280

behind this

17

00:02:08,790 --> 00:02:06,719

we have some

18

00:02:10,869 --> 00:02:08,800

dynamic fluid

19

00:02:13,270 --> 00:02:10,879

experiments which we'll look at what

20

00:02:17,430 --> 00:02:13,280

happens in zero gravity

21

00:02:25,030 --> 00:02:21,830

we have another special experimental

22

00:02:26,390 --> 00:02:25,040

in a japanese module next year

23

00:02:31,430 --> 00:02:26,400

we will have

24

00:02:35,670 --> 00:02:33,910

and a robot arm

25

00:02:37,430 --> 00:02:35,680

is placed here and

26

00:02:39,430 --> 00:02:37,440

therefore this
