

1
00:00:01,280 --> 00:00:08,310
and shane welcome to eva thank you

2
00:00:11,830 --> 00:00:09,910
this is a look from one of the trust

3
00:00:14,310 --> 00:00:11,840
mounted cameras on the international

4
00:00:16,390 --> 00:00:14,320
space station a reminder that

5
00:00:17,990 --> 00:00:16,400
heidi's definition piper is in the suit

6
00:00:20,550 --> 00:00:18,000
with the solid red stripes around her

7
00:00:24,390 --> 00:00:20,560
legs shane kimbrough has the broken red

8
00:00:28,310 --> 00:00:26,150
okay eric what am i looking for for a

9
00:00:31,910 --> 00:00:28,320
marker on the starboard side

10
00:00:34,549 --> 00:00:31,920
starboard side you're looking for 76.50

11
00:00:42,389 --> 00:00:34,559
happy 76.50

12
00:01:02,310 --> 00:00:45,350
be good at promotion

13
00:01:05,030 --> 00:01:03,670

and bim if it's not springing forward

14

00:01:08,950 --> 00:01:05,040

you can press with the remaining steps

15

00:01:13,350 --> 00:01:11,190

okay copy that verify sufficient ta

16

00:01:14,390 --> 00:01:13,360

clamps are open

17

00:01:34,230 --> 00:01:14,400

shane

18

00:01:45,109 --> 00:01:36,230

about 20 centimeters more

19

00:01:45,119 --> 00:01:54,149

yep all right i'll make sure

20

00:01:58,630 --> 00:01:56,630

seeing here a view of both space walkers

21

00:02:00,069 --> 00:01:58,640

working on the starboard solar alpha

22

00:02:01,510 --> 00:02:00,079

rotary joint

23

00:02:03,030 --> 00:02:01,520

at the top of the screen is mission

24

00:02:04,870 --> 00:02:03,040

specialist state shane kimbrough

25

00:02:06,709 --> 00:02:04,880

distinguished by the broken red stripes

26

00:02:08,469 --> 00:02:06,719

on his suit

27

00:02:10,550 --> 00:02:08,479

and at the bottom emission specialist

28

00:02:16,150 --> 00:02:10,560

heidi's definition piper with the solid

29

00:02:19,510 --> 00:02:17,990

copy that cover 16 is removed and just

30

00:02:21,430 --> 00:02:19,520

make sure just like you did with 15

31

00:02:22,790 --> 00:02:21,440

that's in a good tie down so we can

32

00:02:27,910 --> 00:02:22,800

leave it out there

33

00:02:33,910 --> 00:02:29,510

okay

34

00:02:33,920 --> 00:02:38,070

hey nice job on your first dbi

35

00:02:42,710 --> 00:02:40,150

have a good day

36

00:02:43,990 --> 00:02:42,720

uh super day great job great work shane

37

00:02:45,509 --> 00:02:44,000

and heidi

38

00:02:46,790 --> 00:02:45,519

and then uh shane when you get to the oh
