

1

00:00:08,180 --> 00:00:12,513

Commander Mike Fincke: Well Bru, I'd like to say thanks to you...

2

00:00:13,770 --> 00:00:14,683

and your crew for an outstanding mission.

3

00:00:15,590 --> 00:00:20,190

You made the station much better than before. You gave us more power.

4

00:00:20,340 --> 00:00:25,006

Symmetry which is not to be underrated. You gave us a new crew member.

5

00:00:26,770 --> 00:00:28,276

You're giving Sandy a ride back home. You brought up some equipment...

6

00:00:29,930 --> 00:00:30,153

that we really needed for a six-person crew.

7

00:00:32,640 --> 00:00:33,053

That's what we were really hoping to get done with Expedition 18,

8

00:00:36,560 --> 00:00:36,726

was getting ready for a six-person crew.

9

00:00:39,060 --> 00:00:40,990

Sandy, the six-person crew when they get up here, they're going to be...

10

00:00:41,930 --> 00:00:43,173

thanking you for all your organization, all your hard work,

11

00:00:44,620 --> 00:00:45,276

the things that you built onboard.

12

00:00:46,230 --> 00:00:47,006

You've done an outstanding job and I'd like to say thank you.

13

00:00:49,520 --> 00:00:49,700

So all of you guys, this is the toughest part of the mission, at least for me.

14

00:00:54,540 --> 00:00:56,679

On one hand it's a moment of triumph. You're going to shut the...

15

00:00:56,680 --> 00:00:58,880

hatches and get ready and undock.

16

00:00:59,140 --> 00:01:00,250

And yet on the other hand we're going to really be missing you.

17

00:01:02,230 --> 00:01:04,060

It was really great having you up here and all the things...

18

00:01:04,400 --> 00:01:04,736

we got to talk about and do together.

19

00:01:06,530 --> 00:01:10,196

I mean that's what the dreams in our lives are made of.

20

00:01:10,420 --> 00:01:13,353

So thank you everybody. Thank you very much.

21

00:01:15,120 --> 00:01:17,039

Commander Lee Archambault: Thanks Spank. Thank you very much.

22

00:01:17,040 --> 00:01:21,573

On behalf of our crew, the STS-119 crew, which now includes Sandy...

23

00:01:23,580 --> 00:01:23,690

We are very, very appreciative for the hospitality you extended to us.

24

00:01:28,070 --> 00:01:29,553

You were very well prepared for us. You were happy to...

25

00:01:30,320 --> 00:01:32,253

help us where we needed help.

26

00:01:33,850 --> 00:01:34,650

You were key and instrumental and getting three good EVAs...

27

00:01:37,050 --> 00:01:39,183

out the door and back in safely.

28

00:01:39,340 --> 00:01:40,116

We're very proud to have left the space station with more power.

29

00:01:42,830 --> 00:01:43,746

Hopefully, power that for many, many years will provide...

30

00:01:45,780 --> 00:01:49,180

very, very useful research to your future payloads.

31

00:01:51,050 --> 00:01:52,503

We're most proud, though, of working with a great international team...

32

00:01:54,330 --> 00:01:57,463

which we have three countries represented here.

33

00:01:57,690 --> 00:02:01,356

Our country, the United States. Yury's country, Russia.

34

00:02:02,320 --> 00:02:04,053

Koichi's country of Japan.

35

00:02:04,140 --> 00:02:08,273

Yury, many of us didn't know you very well before we got here.

36

00:02:08,570 --> 00:02:12,436

But you're a great crewmate. We all would be very proud...

37

00:02:13,200 --> 00:02:13,536

to work long duration with you. Thank you very much for...

38

00:02:16,730 --> 00:02:20,196

welcoming us in and being such a great crew partner.

39

00:02:20,660 --> 00:02:22,233

Koichi, it's going to be tough to leave you, but you were a...

40

00:02:23,220 --> 00:02:23,650

great member of STS-119. I'm very, very proud that you're...

41

00:02:26,790 --> 00:02:28,406

with us. You're on our patch. Like I say, you're always going...

42

00:02:29,440 --> 00:02:30,183

to be a member of STS-119. You've done alot of great work for us.

43

00:02:33,030 --> 00:02:34,560

I wish you the very best. We do look forward to seeing you back...

44

00:02:35,900 --> 00:02:38,900

home in Houston when your expedition is over.

45

00:02:39,260 --> 00:02:40,473

Spank, you're an awesome commander! Best of luck! You've got just...
