

1
00:00:03,830 --> 00:00:01,990
my good

2
00:00:05,110 --> 00:00:03,840
first day in space how's it going first

3
00:00:06,389 --> 00:00:05,120
full day you already had you know you

4
00:00:07,590 --> 00:00:06,399
left you blasted off yesterday how are

5
00:00:09,589 --> 00:00:07,600
you feeling today

6
00:00:12,470 --> 00:00:09,599
feeling much better today yeah it's a

7
00:00:13,749 --> 00:00:12,480
very exciting liftoff yeah trip to space

8
00:00:15,509 --> 00:00:13,759
here we are

9
00:00:16,950 --> 00:00:15,519
had a little sleep had a little chow

10
00:00:18,550 --> 00:00:16,960
they look great we're doing our work

11
00:00:21,029 --> 00:00:18,560
here getting the airlock ready so we can

12
00:00:23,109 --> 00:00:21,039
go outside and do edas all right this is

13
00:00:24,870 --> 00:00:23,119

why we're here that's the whole idea and

14

00:00:26,390 --> 00:00:24,880

drew what are you doing

15

00:00:27,509 --> 00:00:26,400

i'm using the tape

16

00:00:28,950 --> 00:00:27,519

is there any reason why you have

17

00:00:31,349 --> 00:00:28,960

sunglasses on in the mid deck where

18

00:00:34,069 --> 00:00:31,359

there's no lights i mean no no sun

19

00:00:36,549 --> 00:00:34,079

because they look cool ah that's my man

20

00:00:37,670 --> 00:00:36,559

let's go into the uh the airlock see if

21

00:00:39,670 --> 00:00:37,680

anyone's there

22

00:00:42,310 --> 00:00:39,680

hey john

23

00:00:46,709 --> 00:00:42,320

uni airlock yeah poke your head out for

24

00:00:46,719 --> 00:00:50,150

that's not your head that's your feet

25

00:00:53,510 --> 00:00:52,150

bye got my hands full i still see your

26

00:00:55,189 --> 00:00:53,520

feet

27

00:00:56,790 --> 00:00:55,199

what are you doing in here

28

00:00:58,790 --> 00:00:56,800

hey miss

29

00:01:01,110 --> 00:00:58,800

welcome you getting spacesuits ready

30

00:01:03,029 --> 00:01:01,120

getting the uh airlock ready so how's it

31

00:01:05,109 --> 00:01:03,039

feel to be here after seven years oh

32

00:01:08,390 --> 00:01:05,119

it's wonderful all right

33

00:01:10,230 --> 00:01:08,400

like old friends excellent

34

00:01:12,550 --> 00:01:10,240

all right hey drew how was your first

35

00:01:15,030 --> 00:01:12,560

day in space uh it was good yeah i

36

00:01:16,630 --> 00:01:15,040

enjoyed it you were unbelievable man you

37

00:01:18,230 --> 00:01:16,640

were working like a maniac right from

38

00:01:20,390 --> 00:01:18,240

this get-go like you you know you were

39

00:01:22,149 --> 00:01:20,400

born here i like this floating in space

40

00:01:23,910 --> 00:01:22,159

yeah it's fun in it it's all right do a

41

00:01:26,390 --> 00:01:23,920

flip for your family and friends see if

42

00:01:29,830 --> 00:01:26,400

i can do that

43

00:01:32,789 --> 00:01:31,190

uh it's excellent so has this met your

44

00:01:35,590 --> 00:01:32,799

expectations

45

00:01:37,749 --> 00:01:35,600

exceeded really oh yeah by far exceeded

46

00:01:39,830 --> 00:01:37,759

them well you're doing great man thanks

47

00:01:42,230 --> 00:01:39,840

buddy the ride was man that was some

48

00:01:43,830 --> 00:01:42,240

ride that was someone yeah we had a lot

49

00:01:46,310 --> 00:01:43,840

of fun during that we didn't have

50

00:01:48,069 --> 00:01:46,320

anywhere yeah singing songs screaming

51
00:01:49,270 --> 00:01:48,079
and yelling those three g's kicked in

52
00:01:51,990 --> 00:01:49,280
and uh oh

53
00:01:54,469 --> 00:01:52,000
yeah baby that was fun to watch man i'll

54
00:01:56,230 --> 00:01:54,479
remember that it was awesome all right

55
00:01:58,709 --> 00:01:56,240
it was fun sitting with you buddy it was

56
00:02:01,270 --> 00:01:58,719
i enjoyed it it was a thrill

57
00:02:02,789 --> 00:02:01,280
so how was that asset oh it was awesome

58
00:02:04,310 --> 00:02:02,799
yeah it was great being on the main deck

59
00:02:05,910 --> 00:02:04,320
we took care of those lockers with the

60
00:02:07,190 --> 00:02:05,920
best of them yeah we had we had a fun

61
00:02:08,630 --> 00:02:07,200
time now we don't have any windows on

62
00:02:10,150 --> 00:02:08,640
the mid deck of course but me you and

63
00:02:12,229 --> 00:02:10,160

drew had a good time anyway didn't we

64

00:02:13,910 --> 00:02:12,239

yes we did it was just wonderful i can't

65

00:02:15,830 --> 00:02:13,920

believe we're actually here again the

66

00:02:16,949 --> 00:02:15,840

view is magnificent still isn't it it is

67

00:02:18,630 --> 00:02:16,959

absolutely

68

00:02:19,990 --> 00:02:18,640

after seven years and our space suits

69

00:02:21,750 --> 00:02:20,000

are here and we're getting ready to go

70

00:02:23,510 --> 00:02:21,760

outside that'll be great

71

00:02:26,949 --> 00:02:23,520

all right john

72

00:02:27,910 --> 00:02:26,959

keep working don't slack off too much

73

00:02:29,270 --> 00:02:27,920

yeah

74

00:02:31,589 --> 00:02:29,280

we're in the mid deck of space shuttle

75

00:02:33,990 --> 00:02:31,599

atlantis my buddy john grunsfeld over

76
00:02:37,509 --> 00:02:34,000
here but the person we want to talk to

77
00:02:38,949 --> 00:02:37,519
is behind the camera and now i'm going

78
00:02:42,150 --> 00:02:38,959
to be

79
00:02:45,030 --> 00:02:42,160
on camera that's megan mcarthur

80
00:02:46,550 --> 00:02:45,040
who is uh our flight engineer

81
00:02:48,229 --> 00:02:46,560
and megan

82
00:02:50,070 --> 00:02:48,239
what are you doing now well we just

83
00:02:51,990 --> 00:02:50,080
finished the starboard survey of the

84
00:02:53,830 --> 00:02:52,000
orbiter tps and i'm going to get my

85
00:02:56,150 --> 00:02:53,840
lunch so i go to this locker here that

86
00:02:57,990 --> 00:02:56,160
says ms2 meals on it and i pull it out

87
00:03:00,070 --> 00:02:58,000
it shows me all the food with the green

88
00:03:01,990 --> 00:03:00,080

dot that's mine that's in here so i

89

00:03:03,830 --> 00:03:02,000

looked up kind of what i want to eat

90

00:03:05,030 --> 00:03:03,840

we're seeing the band at the edge now

91

00:03:06,309 --> 00:03:05,040

how does that work

92

00:03:07,910 --> 00:03:06,319

all right

93

00:03:10,309 --> 00:03:07,920

could you go back to the right take out

94

00:03:11,670 --> 00:03:10,319

about a half okay so megan's now fishing

95

00:03:13,030 --> 00:03:11,680

through we keep getting interrupted by

96

00:03:15,270 --> 00:03:13,040

the ground but this is what i was

97

00:03:19,110 --> 00:03:15,280

looking for ravioli oh man it was great

98

00:03:21,750 --> 00:03:19,120

very tasty i just had some so

99

00:03:23,509 --> 00:03:21,760

put this away

100

00:03:25,990 --> 00:03:23,519

close this up

101
00:03:29,670 --> 00:03:26,000
and then and houston uh that looks

102
00:03:29,680 --> 00:03:34,470
we agreed as

103
00:03:37,110 --> 00:03:35,830
there it goes it sits in there for a few

104
00:03:39,030 --> 00:03:37,120
minutes to get warm and then i can eat

105
00:03:41,030 --> 00:03:39,040
it because i don't like it cold

106
00:03:42,789 --> 00:03:41,040
yeah how do you like the food so far

107
00:03:45,110 --> 00:03:42,799
um well so far all i've had is a peanut

108
00:03:47,110 --> 00:03:45,120
butter sandwich and that was tasty that

109
00:03:49,190 --> 00:03:47,120
was good yeah yeah the good thing about

110
00:03:50,710 --> 00:03:49,200
this food is it's easy to cook

111
00:03:51,830 --> 00:03:50,720
it's not that easy but it's really easy

112
00:03:53,030 --> 00:03:51,840
you just put it you just took it out of

113
00:03:55,270 --> 00:03:53,040

there you put it in there and then you

114

00:03:56,710 --> 00:03:55,280

know like magic it'll be one yeah yeah

115

00:03:58,470 --> 00:03:56,720

all the all the cooking shows would be

116

00:04:00,869 --> 00:03:58,480

jealous because they got you gotta buy

117

00:04:02,070 --> 00:04:00,879

ingredients you got to mix stuff

118

00:04:03,589 --> 00:04:02,080

and our stuff you just throw right in

119

00:04:05,270 --> 00:04:03,599

here right now do you have something in

120

00:04:07,110 --> 00:04:05,280

here no my food is never there it's

121

00:04:08,869 --> 00:04:07,120

always in my stomach well i'm using a

122

00:04:10,869 --> 00:04:08,879

computer and just like your computer at

123

00:04:12,149 --> 00:04:10,879

home we have computers in space i'm

124

00:04:13,670 --> 00:04:12,159

checking out flight plans here we need

125

00:04:15,429 --> 00:04:13,680

to do it i also can check my email i've

126
00:04:17,189 --> 00:04:15,439
already got some email from my wife and

127
00:04:18,150 --> 00:04:17,199
my kids and it's great to be able to

128
00:04:20,310 --> 00:04:18,160
stay inside

129
00:04:21,270 --> 00:04:20,320
our recording and uh

130
00:04:22,629 --> 00:04:21,280
it's a great way for us to tell our

131
00:04:24,710 --> 00:04:22,639
friends what we're doing and maybe even

132
00:04:26,070 --> 00:04:24,720
send a twitter once in a while not that

133
00:04:27,110 --> 00:04:26,080
often but once in a while what does the

134
00:04:28,950 --> 00:04:27,120
flight plan say we're supposed to be

135
00:04:30,550 --> 00:04:28,960
doing oh no i bet it's not fooling

136
00:04:32,390 --> 00:04:30,560
around filming

137
00:04:34,150 --> 00:04:32,400
we're doing uh inspections of the

138
00:04:35,909 --> 00:04:34,160

orbiter right now the space shuttle with

139

00:04:37,749 --> 00:04:35,919

the inspection boom

140

00:04:39,590 --> 00:04:37,759

and we're also checking out our

141

00:04:41,189 --> 00:04:39,600

spacesuits for the spacewalk so it's a

142

00:04:42,390 --> 00:04:41,199

busy day and things are just going to

143

00:04:43,990 --> 00:04:42,400

keep getting busier

144

00:04:46,469 --> 00:04:44,000

we're going to get it all done

145

00:04:48,390 --> 00:04:46,479

uh yes absolutely 100 and we're going to

146

00:04:50,150 --> 00:04:48,400

have fun doing it excellent but you're

147

00:04:51,110 --> 00:04:50,160

setting up for imax you've also set up

148

00:04:53,270 --> 00:04:51,120

for what other kind of video you're

149

00:04:54,950 --> 00:04:53,280

doing all kinds of photo photography

150

00:04:57,590 --> 00:04:54,960

high definition so we got some high

151
00:05:00,469 --> 00:04:57,600
definition down yesterday of the et uh

152
00:05:02,950 --> 00:05:00,479
tank yeah and we'll be doing that this

153
00:05:04,950 --> 00:05:02,960
is high definition right and then uh

154
00:05:06,629 --> 00:05:04,960
we'll do kind of a crew summary at the

155
00:05:07,749 --> 00:05:06,639
end of the day so how do you like film

156
00:05:09,749 --> 00:05:07,759
making you think it might be a second

157
00:05:11,189 --> 00:05:09,759
career for you could be yeah really

158
00:05:12,390 --> 00:05:11,199
violating what kind of movies would you

159
00:05:14,390 --> 00:05:12,400
make

160
00:05:16,230 --> 00:05:14,400
they'd be all uh humorous movies all

161
00:05:18,469 --> 00:05:16,240
right man thanks a lot thank you great

162
00:05:19,430 --> 00:05:18,479
thanks it was a wild accent by the way

163
00:05:22,310 --> 00:05:19,440

anything else you want to say to your

164

00:05:25,909 --> 00:05:24,230

love to be in space i miss them and i'll

165

00:05:28,230 --> 00:05:25,919

see you soon awesome

166

00:05:29,510 --> 00:05:28,240

the uh performance of your crew so far i

167

00:05:31,990 --> 00:05:29,520

know it's still early but how you

168

00:05:34,629 --> 00:05:32,000

feeling they're doing well i'm very

169

00:05:36,230 --> 00:05:34,639

impressed it's been a tough two days

170

00:05:38,310 --> 00:05:36,240

uh

171

00:05:39,270 --> 00:05:38,320

you know 109 was tough this has been

172

00:05:41,510 --> 00:05:39,280

more

173

00:05:43,110 --> 00:05:41,520

packed than that was uh but people have

174

00:05:45,590 --> 00:05:43,120

really pulled through we had a long day

175

00:05:48,629 --> 00:05:45,600

yesterday uh today was tough with all

176

00:05:50,950 --> 00:05:48,639

the inspection ops but everybody

177

00:05:52,950 --> 00:05:50,960

chimed in did more their job and a

178

00:05:55,029 --> 00:05:52,960

little bit more that's my motto and i

179

00:05:56,390 --> 00:05:55,039

was real happy with how well it went

180

00:06:00,710 --> 00:05:56,400

sounds like you're a slave driver is

181

00:06:03,590 --> 00:06:01,830

yeah

182

00:06:06,469 --> 00:06:03,600

hey and what about that hat

183

00:06:08,230 --> 00:06:06,479

we got a new scs-125 head it's pretty

184

00:06:09,830 --> 00:06:08,240

sharp do you think it got paint spilled

185

00:06:11,830 --> 00:06:09,840

on it like everybody else no i think it

186

00:06:14,550 --> 00:06:11,840

looks good i think it looks great it's

187

00:06:15,510 --> 00:06:14,560

hubble pictures in a hat yeah it looks

188

00:06:18,230 --> 00:06:15,520

awesome

189

00:06:20,390 --> 00:06:18,240

so i had to fly it i wanted to

190

00:06:21,990 --> 00:06:20,400

take it with me very inspiring

191

00:06:23,270 --> 00:06:22,000

that's it well hey

192

00:06:25,110 --> 00:06:23,280

thanks a lot for being such a great

193

00:06:26,469 --> 00:06:25,120

commander and i hope we can do as well

194

00:06:27,909 --> 00:06:26,479

the rest of the mission as we've done so

195

00:06:30,390 --> 00:06:27,919

far in the first two days uh what do you

196

00:06:32,230 --> 00:06:30,400

think i think we will i think uh the

197

00:06:34,070 --> 00:06:32,240

best part about being a commander here

198

00:06:37,590 --> 00:06:34,080

is having a great crew that does

199

00:06:40,390 --> 00:06:39,110

all right anybody watching us remember
