

1  
00:00:05,269 --> 00:00:02,470  
hi mr polanski i'm olivia i'm from

2  
00:00:07,909 --> 00:00:05,279  
connecticut and i'm 15. and my question

3  
00:00:10,230 --> 00:00:07,919  
for you is do you like your job being an

4  
00:00:11,350 --> 00:00:10,240  
astronaut and what's it like living in

5  
00:00:13,509 --> 00:00:11,360  
space

6  
00:00:15,270 --> 00:00:13,519  
um if you could answer my question

7  
00:00:16,870 --> 00:00:15,280  
that'd be awesome but if you don't i

8  
00:00:25,670 --> 00:00:16,880  
understand you've got a lot of questions

9  
00:00:31,269 --> 00:00:28,870  
hello olivia thank you for your question

10  
00:00:33,990 --> 00:00:31,279  
it is great to be an astronaut

11  
00:00:35,750 --> 00:00:34,000  
and it's actually the best job on earth

12  
00:00:37,670 --> 00:00:35,760  
most of us spend most of our time on

13  
00:00:39,990 --> 00:00:37,680

earth preparing for the mission and

14

00:00:42,630 --> 00:00:40,000

helping out other missions but when we

15

00:00:46,150 --> 00:00:42,640

do get to go it is extraordinary it's a

16

00:00:49,270 --> 00:00:46,160

real privilege and living in space is

17

00:00:51,990 --> 00:00:49,280

living in a small habitat with a lot of

18

00:00:53,270 --> 00:00:52,000

people and sharing that space with them

19

00:00:55,350 --> 00:00:53,280

it's

20

00:00:58,790 --> 00:00:55,360

being able to

21

00:01:01,349 --> 00:00:58,800

live in and work in weightlessness and

22

00:01:03,270 --> 00:01:01,359

being able to push yourself off the wall

23

00:01:05,270 --> 00:01:03,280

to go places

24

00:01:07,270 --> 00:01:05,280

it's a lot
