00:00:04,150 --> 00:00:02,310
hi i'm dawn from indianapolis indiana

2
00:00:07,110 --> 00:00:04,160
and my question is

3
00:00:08,629 --> 00:00:07,120
if you're in a spacesuit especially out

4
00:00:11,270 --> 00:00:08,639
on an eva

5
00:00:12,870 --> 00:00:11,280
and you have to sneeze how do you deal

6
00:00:14,629 --> 00:00:12,880
with that

7
00:00:18,230 --> 00:00:14,639
especially if

8
00:00:20,310 --> 00:00:18,240
it splatters uh second part if your nose

9
00:00:21,990 --> 00:00:20,320
itches while you're in a space suit how

10
00:00:25,910 --> 00:00:22,000
do you deal with that

11
00:00:29,669 --> 00:00:27,910
great question absolutely great question

12
00:00:32,150 --> 00:00:29,679
because i've done it quite a few times

13
00:00:34,069 --> 00:00:32,160

most recently yesterday

14

00:00:36,709 --> 00:00:34,079

and

15

00:00:39,510 --> 00:00:36,719

you learn in training

16

00:00:41,750 --> 00:00:39,520

i don't know how to say this but aim low

17

00:00:44,310 --> 00:00:41,760

off the windshield because it can mess

18

00:00:45,510 --> 00:00:44,320

up your view and there's no way to clear
