

1
00:00:05,269 --> 00:00:02,869
hi we are in grade 5 and 6

2
00:00:08,790 --> 00:00:05,279
at carbon road school new zealand we are

3
00:00:11,430 --> 00:00:08,800
learning about planets and we think that

4
00:00:13,749 --> 00:00:11,440
earth is the most amazing place what do

5
00:00:16,710 --> 00:00:13,759
you see when you look at earth from

6
00:00:22,470 --> 00:00:16,720
space and how do you feel we hope you

7
00:00:27,670 --> 00:00:24,710
hello thank you for your question

8
00:00:30,470 --> 00:00:27,680
one of the greatest joy of living in

9
00:00:33,510 --> 00:00:30,480
space in a space station or the space

10
00:00:35,590 --> 00:00:33,520
shuttle is to float to a window and to

11
00:00:39,590 --> 00:00:35,600
look back down at the earth and what we

12
00:00:40,790 --> 00:00:39,600
see is a magnificent site the planet is

13
00:00:42,310 --> 00:00:40,800

beautiful

14

00:00:45,830 --> 00:00:42,320

it is like

15

00:00:47,990 --> 00:00:45,840

a marble down there of blues and whites

16

00:00:49,029 --> 00:00:48,000

we can see continents and water and

17

00:00:50,069 --> 00:00:49,039

ocean

18

00:00:52,229 --> 00:00:50,079

it is

19

00:00:54,389 --> 00:00:52,239

so amazing and because we go around the

20

00:00:56,869 --> 00:00:54,399

earth once every hour and a half we get

21

00:00:58,950 --> 00:00:56,879

to see every continent there is on the

22

00:01:01,349 --> 00:00:58,960

planet and all the oceans

23

00:01:03,110 --> 00:01:01,359

so this this is something that you can
