

A space shuttle is shown in the process of launching from a launch pad. The shuttle is oriented vertically, and a large, bright orange and yellow flame is visible at its base, indicating the start of the ascent. The launch pad is surrounded by a large, billowing cloud of white smoke and steam. The sky is a clear blue with scattered white clouds. In the upper right corner, the NASA logo is visible. 00:01:13,350 --> 00:01:11,360  
the final frontier

00:01:15,109 --> 00:01:13,360  
these are the voyages of the starship
