

1  
00:00:05,510 --> 00:00:02,790  
the crew

2  
00:00:06,590 --> 00:00:05,520  
waving here from inside the

3  
00:00:09,910 --> 00:00:06,600  
soyuz

4  
00:00:12,629 --> 00:00:09,920  
tma-01m after their 254 touchdown

5  
00:00:15,110 --> 00:00:12,639  
and the center is alexander kaliri

6  
00:00:26,710 --> 00:00:15,120  
next to him you can also make out

7  
00:00:32,150 --> 00:00:30,310  
first one out of

8  
00:00:34,389 --> 00:00:32,160  
the vehicle was uh

9  
00:00:37,750 --> 00:00:34,399  
soyuz commander alexander kaliri who was

10  
00:00:41,110 --> 00:00:37,760  
in the middle seat he was followed by

11  
00:00:43,030 --> 00:00:41,120  
expedition 26 commander scott kelly

12  
00:00:45,510 --> 00:00:43,040  
and then

13  
00:00:47,350 --> 00:00:45,520

flight engineer olusegun

14

00:00:49,270 --> 00:00:47,360

again reports from the landing site

15

00:01:06,710 --> 00:00:49,280

where that all crew members looked

16

00:01:12,710 --> 00:01:10,469

continuing to get video now uh with uh

17

00:01:14,870 --> 00:01:12,720

expedition 26 commander scott kelly in

18

00:01:20,550 --> 00:01:14,880

view this again is a replay following

19

00:01:24,830 --> 00:01:22,230

all three members

20

00:01:26,469 --> 00:01:24,840

all three crew members were

21

00:01:29,990 --> 00:01:26,479

extracted

22

00:01:34,550 --> 00:01:30,000

by 3 30 a.m central time we're now just

23

00:01:38,550 --> 00:01:36,630

and if you hear of the final crew member

24

00:01:40,469 --> 00:01:38,560

to be extracted from the soyuz vehicle

25

00:01:42,550 --> 00:01:40,479

alex grapochka flight engineer for the

26

00:01:44,749 --> 00:01:42,560

expedition 26 crew

27

00:01:48,789 --> 00:01:44,759

returned now from a
