8
00:00:31,029 --> 00:00:28,720
in houston on the big loop callio with a

9
00:00:34,150 --> 00:00:31,039
station

10
00:00:38,150 --> 00:00:37,190
initiating rpm on my mark

11
00:00:39,110 --> 00:00:38,160
3

12
00:00:43,110 --> 00:00:39,120
2

13
00:00:47,110 --> 00:00:45,590

and the uh our bar pitch maneuver is

14

00:00:48,790 --> 00:00:47,120

underway beginning

15

00:00:53,750 --> 00:00:48,800

at 4 15

16

00:00:57,510 --> 00:00:55,510

endeavor houston on the big loop we're

17

00:00:59,830 --> 00:00:57,520

following you in docking mech power up

18

00:01:02,549 --> 00:00:59,840

and you have a go for docking

19

00:01:11,750 --> 00:01:02,559

endeavor copies on the big loop go for

20

00:01:11,760 --> 00:01:21,429

houston and station capture is confirmed

21

00:01:21,439 --> 00:01:32,069

endeavor arriving

22

00:01:37,510 --> 00:01:34,710

hey you guys wore coordinating shirts

23

00:01:40,469 --> 00:01:37,520

we didn't we didn't do that that's okay

24

00:01:45,510 --> 00:01:40,479

hello how's it going how are you good

25

00:01:45,520 --> 00:01:55,109

come on

26

00:01:55,119 --> 00:02:33,589

hello

27

00:02:33,599 --> 00:02:55,270

man this place is

28

00:02:58,949 --> 00:02:56,790

i guess you got you guys know we're

29

00:03:02,390 --> 00:02:58,959

installing the lc3 today

30

00:03:05,270 --> 00:03:02,400

yeah we got a whole day of work

31

00:03:06,869 --> 00:03:05,280

so you guys working

32

00:03:09,030 --> 00:03:06,879

on vacation

33

00:03:10,949 --> 00:03:09,040

look at you you know

34

00:03:14,869 --> 00:03:10,959

we look like you know

35

00:03:16,470 --> 00:03:14,879

from the museum over wax what's going on

36

00:03:18,229 --> 00:03:16,480

you guys look like this 15 days we're

37

00:03:22,070 --> 00:03:18,239

really good for you huh look at mike

38

00:03:26,550 --> 00:03:23,350

you guys take good care of this place

39

00:03:30,869 --> 00:03:28,550

continuing to see the express logistics

40

00:03:32,390 --> 00:03:30,879

carrier number three being lifted slowly

41

00:03:34,710 --> 00:03:32,400

out of the shuttle's cargo bay by the

42

00:03:37,270 --> 00:03:34,720

shuttle's robotic arm

43

00:03:38,630 --> 00:03:37,280

plan is to move it into position for

44

00:03:41,030 --> 00:03:38,640

handoff

45

00:03:42,869 --> 00:03:41,040

to the space station's robotic arm

46

00:03:45,830 --> 00:03:42,879

that arm is going to be driven today by

47

00:03:48,229 --> 00:03:45,840

commander mark kelly and

48

00:03:50,550 --> 00:03:48,239

mission specialist greg shamitoff once

49

00:03:52,789 --> 00:03:50,560

it has been handed off to a
