

SHUTTLE FIRSTS

FIRST AMERICAN WOMAN TO WALK IN SPACE

Kathy Sullivan on STS-41G

OCTOBER 5-13, 1984

1
00:00:10,870 --> 00:00:08,870
the space shuttle

2
00:00:13,749 --> 00:00:10,880
it has defined an era and broken

3
00:00:15,350 --> 00:00:13,759
boundaries both in space and on earth

4
00:00:16,950 --> 00:00:15,360
among the hundreds of people that have

5
00:00:19,590 --> 00:00:16,960
flown on the shuttle many have been

6
00:00:21,269 --> 00:00:19,600
firsts for their race their country or

7
00:00:23,910 --> 00:00:21,279
their profession

8
00:00:26,790 --> 00:00:23,920
in 1983 sally ride became the first

9
00:00:28,470 --> 00:00:26,800
american woman in space on sts-7

10
00:00:30,950 --> 00:00:28,480
that flight also brought us the first

11
00:00:32,790 --> 00:00:30,960
doctor in space norm thagard

12
00:00:36,549 --> 00:00:32,800
later that year guy bluford became the

13
00:00:39,590 --> 00:00:36,559

first african american in space on sts-8

14

00:00:41,670 --> 00:00:39,600

in 1985 ellison onozuka became the first

15

00:00:43,670 --> 00:00:41,680

asian american to fly in space on

16

00:00:45,670 --> 00:00:43,680

sts-51c

17

00:00:47,830 --> 00:00:45,680

and on that flight gary payton became

18

00:00:49,670 --> 00:00:47,840

the first military payload specialist to

19

00:00:51,110 --> 00:00:49,680

fly on the space shuttle

20

00:00:53,389 --> 00:00:51,120

mae jemison became the first

21

00:00:54,950 --> 00:00:53,399

african-american woman in space on

22

00:00:56,790 --> 00:00:54,960

sts-47

23

00:00:58,950 --> 00:00:56,800

that same flight also had a married

24

00:01:00,790 --> 00:00:58,960

couple that flew together mark lee and

25

00:01:03,029 --> 00:01:00,800

jan davis

26

00:01:05,910 --> 00:01:03,039

ellen ochoa was the first hispanic woman

27

00:01:07,910 --> 00:01:05,920

to fly in space in 1993.

28

00:01:10,550 --> 00:01:07,920

kathy sullivan became the first american

29

00:01:13,350 --> 00:01:10,560

woman to walk in space in 1984 on

30

00:01:16,149 --> 00:01:13,360

sts-41g

31

00:01:18,630 --> 00:01:16,159

in 1995 bernard harris became the first

32

00:01:20,469 --> 00:01:18,640

african american to walk in space and

33

00:01:23,429 --> 00:01:20,479

the first hispanic to walk in space was

34

00:01:25,429 --> 00:01:23,439

carlos noriega in 2000

35

00:01:28,789 --> 00:01:25,439

jake garn became the first senator to

36

00:01:31,670 --> 00:01:28,799

fly in space on sts-51d

37

00:01:33,270 --> 00:01:31,680

on sts-9 oath merbal became the first

38

00:01:35,510 --> 00:01:33,280

international astronaut on the space

39

00:01:37,910 --> 00:01:35,520

shuttle although it would take about 11

40

00:01:42,389 --> 00:01:37,920

years before a russian would fly that

41

00:01:44,389 --> 00:01:42,399

was sergey krikalev in 1994 on sts 60.

42

00:01:47,990 --> 00:01:44,399

the first african-american commander of

43

00:01:49,910 --> 00:01:48,000

the shuttle was fred gregory on sts-33

44

00:01:52,830 --> 00:01:49,920

and the first hispanic commander was sid

45

00:01:55,670 --> 00:01:52,840

gutierrez in 1994 on

46

00:01:56,709 --> 00:01:55,680

sts-59 and eileen collins set two

47

00:01:58,789 --> 00:01:56,719

records

48

00:02:00,870 --> 00:01:58,799

she became the first female pilot of the

49

00:02:02,469 --> 00:02:00,880

shuttle in 1995

50

00:02:04,950 --> 00:02:02,479

and the first female commander of the

51

00:02:06,630 --> 00:02:04,960

space shuttle in 1999

52

00:02:08,389 --> 00:02:06,640

as the space shuttle takes its place in

53

00:02:11,110 --> 00:02:08,399

the history books alongside other

54

00:02:12,869 --> 00:02:11,120

programs like mercury and apollo one of

55

00:02:14,550 --> 00:02:12,879

its greatest legacies will be the people

56

00:02:16,790 --> 00:02:14,560

who flew onboard it

57

00:02:19,030 --> 00:02:16,800

regardless of nationality gender or

58

00:02:21,270 --> 00:02:19,040

color the shuttle flew more people from
