

1  
00:00:11,629 --> 00:00:09,230  
after 25 flights and more than 120

2  
00:00:13,909 --> 00:00:11,639  
million miles of travel in service to

3  
00:00:16,300 --> 00:00:13,919  
the nation and the world it was time for

4  
00:00:18,620 --> 00:00:16,310  
endeavor to come home for the final time

5  
00:00:20,689 --> 00:00:18,630  
the weather shaping up nicely we'll go

6  
00:00:28,339 --> 00:00:20,699  
ahead now and give you a go for the

7  
00:00:30,829 --> 00:00:28,349  
deorbit burn with commander Mark Kelly

8  
00:00:32,810 --> 00:00:30,839  
and pilot Greg Johnson at the controls

9  
00:00:35,210 --> 00:00:32,820  
the youngest of the space shuttles

10  
00:00:37,640 --> 00:00:35,220  
swooped it to its last landing wrapped

11  
00:00:41,780 --> 00:00:37,650  
in the glory of almost two decades of

12  
00:00:44,140 --> 00:00:41,790  
trial is an amazing vehicle to fly

13  
00:00:46,460 --> 00:00:44,150

through the atmosphere hit it at Mach 25

14

00:00:48,800 --> 00:00:46,470

here through the atmosphere like an

15

00:00:51,470 --> 00:00:48,810

airplane land on a runway it is really

16

00:00:53,300 --> 00:00:51,480

really an incredible tip behalf of my

17

00:00:55,250 --> 00:00:53,310

entire crew I want to thank every person

18

00:00:57,230 --> 00:00:55,260

that worked for to get this mission

19

00:00:59,630 --> 00:00:57,240

going and every person that's worked on

20

00:01:01,940 --> 00:00:59,640

endeavour it's bad just these are land
