

1  
00:00:09,749 --> 00:00:07,560  
everyone knew the maiden flight of

2  
00:00:15,119 --> 00:00:09,759  
Endeavour the successor to the Fallen

3  
00:00:17,640 --> 00:00:15,129  
Challenger would be challenging micron I

4  
00:00:20,249 --> 00:00:17,650  
did get it in the end it turned out to

5  
00:00:22,499 --> 00:00:20,259  
be exactly that and more as the crew

6  
00:00:24,359 --> 00:00:22,509  
ultimately made history three

7  
00:00:26,400 --> 00:00:24,369  
spacewalking astronauts in the payload

8  
00:00:29,700 --> 00:00:26,410  
Bay of endeavor and mission specialists

9  
00:00:33,300 --> 00:00:29,710  
Bruce Melnick preparing the arm okay

10  
00:00:42,600 --> 00:00:33,310  
I'll back it up just a little bit I mean

11  
00:00:45,390 --> 00:00:42,610  
is mine okay let's do it just that I

12  
00:00:47,790 --> 00:00:45,400  
think we got satellite Rick he'd peer

13  
00:00:49,500 --> 00:00:47,800

through it and Tom Akers salvage the

14

00:00:51,690 --> 00:00:49,510

rescue of the crippled intelsat

15

00:00:54,150 --> 00:00:51,700

satellite performing the first and to
