

1
00:00:01,440 --> 00:00:06,210

Hi, I'm astronaut Sandy Magnus, a crew member of the final shuttle flight Atlantis.

2
00:00:06,210 --> 00:00:08,780

We're docked to the International Space Station.

3
00:00:08,780 --> 00:00:12,750

Since age eleven when I started playing soccer, I've been a big soccer fan.

4
00:00:12,750 --> 00:00:15,600

And here high above the Earth, we're able to follow the progress

5
00:00:15,600 --> 00:00:22,240

of the FIFA Women's World Cup thanks to Mission Control updating scores to us as they happen.

6
00:00:22,240 --> 00:00:24,970

Congratulations to all the teams who made the tournament,

7
00:00:24,970 --> 00:00:27,590

especially the two about to play in the final.

8
00:00:27,590 --> 00:00:32,120

The tournament shows what we can achieve as nations and people

9
00:00:32,120 --> 00:00:35,200

as we work together and we play together.

10
00:00:37,460 --> 00:00:40,800

Hi! I'm Japanese astronaut Satoshi Furukawa

11
00:00:40,800 --> 00:00:44,480

of Expedition 28 aboard the International Space Station.

12
00:00:44,480 --> 00:00:50,300
I've been following the tournament too from on orbit and join Sandy in honoring the players

13
00:00:50,300 --> 00:00:56,680
and supporters of this great event.

14
00:00:56,680 --> 00:01:12,060
[TRANSLATES INTO JAPANESE]

15
00:01:16,680 --> 00:01:19,000
Now go USA!
