

1
00:02:12,770 --> 00:02:10,340
we're going to look upon this final

2
00:02:14,360 --> 00:02:12,780
mission as a celebration of all the

3
00:02:16,490 --> 00:02:14,370
space shuttles accomplished over its

4
00:02:19,190 --> 00:02:16,500
30-year life spectacular to see the

5
00:02:20,870 --> 00:02:19,200
orbiter come out of the VAB it looks so

6
00:02:23,030 --> 00:02:20,880
tiny but it's really quite massive and

7
00:02:24,920 --> 00:02:23,040
it's very majestic so we're really happy

8
00:02:26,930 --> 00:02:24,930
to be here when I echo Chris's remarks

9
00:02:27,979 --> 00:02:26,940

10
00:02:30,410 --> 00:02:27,989
