

1
00:00:06,309 --> 00:00:03,189
all right here we are mike we're in the

2
00:00:08,390 --> 00:00:06,319
cupola uh the sun is about to rise we're

3
00:00:10,470 --> 00:00:08,400
almost to japan yeah you can tell we're

4
00:00:13,190 --> 00:00:10,480
starting to turn blue here uh as the

5
00:00:14,549 --> 00:00:13,200
first uh wow glimmers of blue light well

6
00:00:17,189 --> 00:00:14,559
maybe i should just show you guys this

7
00:00:19,349 --> 00:00:17,199
real quick so there's uh there's the

8
00:00:22,070 --> 00:00:19,359
sunrise uh starting

9
00:00:24,950 --> 00:00:22,080
oh there it is yep here's the sun

10
00:00:26,550 --> 00:00:24,960
poking up over planet earth

11
00:00:28,630 --> 00:00:26,560
so as we we've seen a few of those

12
00:00:31,109 --> 00:00:28,640
haven't we've seen a few of these so 100

13
00:00:33,350 --> 00:00:31,119

almost 100 days ago yeah i met you on

14

00:00:35,270 --> 00:00:33,360

the other side of the hatch handed you a

15

00:00:37,190 --> 00:00:35,280

bag of instant coffee you weren't too

16

00:00:39,350 --> 00:00:37,200

happy with the bag winston coffee i like

17

00:00:41,670 --> 00:00:39,360

it now so you like it

18

00:00:43,110 --> 00:00:41,680

so 100 days have gone by we've seen the

19

00:00:44,709 --> 00:00:43,120

last shuttle

20

00:00:46,150 --> 00:00:44,719

mission dock to the space station last

21

00:00:48,549 --> 00:00:46,160

channel mission in history we've seen a

22

00:00:50,549 --> 00:00:48,559

pro progress cargo ship come and go

23

00:00:52,950 --> 00:00:50,559

we've done a uh space walk together

24

00:00:55,830 --> 00:00:52,960

right we've uh that was just four

25

00:00:57,029 --> 00:00:55,840

now well four total four total total we

26

00:00:58,389 --> 00:00:57,039

did one on this one wow it's getting

27

00:01:00,069 --> 00:00:58,399

real bright in here now

28

00:01:01,830 --> 00:01:00,079

so um

29

00:01:04,229 --> 00:01:01,840

um you know we've had a busy hundred

30

00:01:06,870 --> 00:01:04,239

days i'm getting ready to go home here

31

00:01:09,670 --> 00:01:06,880

uh real soon don't leave me wrong

32

00:01:11,350 --> 00:01:09,680

so hey don't leave this place to be uh

33

00:01:13,590 --> 00:01:11,360

it's all this will you yeah all this

34

00:01:15,109 --> 00:01:13,600

will be just really so so i just want to

35

00:01:16,390 --> 00:01:15,119

get your reflections on this and

36

00:01:19,030 --> 00:01:16,400

speaking of reflections i'm going to

37

00:01:20,710 --> 00:01:19,040

close this window right here

38

00:01:22,789 --> 00:01:20,720

yeah we need our sunscreen yeah we're

39

00:01:23,910 --> 00:01:22,799

going to close this real quick on this

40

00:01:24,870 --> 00:01:23,920

one too maybe

41

00:01:26,550 --> 00:01:24,880

okay

42

00:01:29,190 --> 00:01:26,560

so just want to hear what you what you

43

00:01:29,990 --> 00:01:29,200

think about the last uh 100 days and and

44

00:01:31,590 --> 00:01:30,000

uh

45

00:01:33,990 --> 00:01:31,600

you know just some of your reflections

46

00:01:37,590 --> 00:01:35,510

uh it's

47

00:01:39,830 --> 00:01:37,600

really a dream come true in so many ways

48

00:01:40,630 --> 00:01:39,840

yeah i mean it's it's been huge it's

49

00:01:44,069 --> 00:01:40,640

been

50

00:01:45,510 --> 00:01:44,079

it's not all fun you know we we laugh

51
00:01:47,749 --> 00:01:45,520
and have fun with the cameras in the

52
00:01:49,510 --> 00:01:47,759
ground and with each other but the fact

53
00:01:51,190 --> 00:01:49,520
is you know that it's uh it's still a

54
00:01:52,630 --> 00:01:51,200
lot of work to want to pull that one

55
00:01:55,190 --> 00:01:52,640
close something

56
00:01:57,270 --> 00:01:55,200
getting a real solid reflection off of

57
00:01:58,870 --> 00:01:57,280
the solar array out there there we go

58
00:02:01,190 --> 00:01:58,880
um

59
00:02:04,389 --> 00:02:01,200
you know but it it's it's just an

60
00:02:07,270 --> 00:02:04,399
amazing place to live and work it and

61
00:02:09,669 --> 00:02:07,280
it's been just great to share space with

62
00:02:11,670 --> 00:02:09,679
you yeah same here same here

63
00:02:14,150 --> 00:02:11,680

so it's been it's been a lot of fun and

64

00:02:15,510 --> 00:02:14,160

uh you know with we've uh i think it's

65

00:02:17,910 --> 00:02:15,520

been a very productive and a very

66

00:02:19,830 --> 00:02:17,920

successful mission um i know that you

67

00:02:21,270 --> 00:02:19,840

you know i feel really bad about leaving

68

00:02:23,510 --> 00:02:21,280

you because you know we don't know when

69

00:02:25,990 --> 00:02:23,520

uh our replacements are coming up it's

70

00:02:28,470 --> 00:02:26,000

kind of a precarious uh time here for

71

00:02:30,390 --> 00:02:28,480

our space program so it's a strange time

72

00:02:31,750 --> 00:02:30,400

so and i'm actually i i'm looking

73

00:02:32,949 --> 00:02:31,760

forward to tomorrow night because

74

00:02:34,790 --> 00:02:32,959

tomorrow night's going to be a pretty

75

00:02:35,830 --> 00:02:34,800

significant event tomorrow night is

76
00:02:37,270 --> 00:02:35,840
going to be the change of command where

77
00:02:39,270 --> 00:02:37,280
mike's going to take over command of the

78
00:02:41,430 --> 00:02:39,280
international school every wednesday

79
00:02:43,110 --> 00:02:41,440
tomorrow oh yeah today's monday yep day

80
00:02:45,589 --> 00:02:43,120
after tomorrow damn for tomorrow yeah

81
00:02:46,869 --> 00:02:45,599
tomorrow so yeah i got lost track of the

82
00:02:49,270 --> 00:02:46,879
of the time i'm trying to have two weeks

83
00:02:51,509 --> 00:02:49,280
time is flying you're gonna get home

84
00:02:52,869 --> 00:02:51,519
it's just monday ron yeah hey mike it's

85
00:02:54,390 --> 00:02:52,879
it's been great having you up here it's

86
00:02:56,710 --> 00:02:54,400
been great sharing this uh incredible

87
00:02:58,949 --> 00:02:56,720
experience with you uh i can't think of

88
00:03:00,790 --> 00:02:58,959

anybody i'd rather share it with uh it's

89

00:03:02,949 --> 00:03:00,800

been great doing our four space walks

90

00:03:04,869 --> 00:03:02,959

together especially this last one uh

91

00:03:06,630 --> 00:03:04,879

that was that was a we might get one

92

00:03:08,550 --> 00:03:06,640

more there we go

93

00:03:10,550 --> 00:03:08,560

almost

94

00:03:13,509 --> 00:03:10,560

all right maybe that's getting greedy no

95

00:03:15,509 --> 00:03:13,519

no it's not it's called a good start so

96

00:03:19,110 --> 00:03:15,519

so we'll close here we'll close this

97

00:03:20,630 --> 00:03:19,120

chapter uh in this in the space program

98

00:03:23,990 --> 00:03:20,640

this chapter in our lives

99

00:03:25,430 --> 00:03:24,000

uh and uh and uh

100

00:03:27,910 --> 00:03:25,440

it's uh okay

101
00:03:29,990 --> 00:03:27,920
you bet it's uh i guess well you you had

102
00:03:31,750 --> 00:03:30,000
the place in good shape when we got here

103
00:03:35,589 --> 00:03:31,760
we've worked together a lot a lot has

104
00:03:37,670 --> 00:03:35,599
changed uh you know and it's my job to

105
00:03:39,430 --> 00:03:37,680
take care of it and keep it in as good

106
00:03:41,670 --> 00:03:39,440
of shape as possible for i know you will

107
00:03:43,750 --> 00:03:41,680
for dan to get here and pass you know

108
00:03:45,830 --> 00:03:43,760
hand it off to the next guys i know you

109
00:03:47,110 --> 00:03:45,840
will and so just like you know we opened

110
00:03:48,470 --> 00:03:47,120
the hatch and welcomed you on board

111
00:03:49,990 --> 00:03:48,480
you're going to close the hatch on us

112
00:03:51,270 --> 00:03:50,000
and we're going to uh we're going to

113
00:03:52,710 --> 00:03:51,280

head home so we're looking forward to

114

00:03:54,390 --> 00:03:52,720

i'll send you home with a cup of coffee

115

00:03:55,509 --> 00:03:54,400

a bag of coffee all right all right

116

00:03:58,309 --> 00:03:55,519

sounds good

117

00:03:59,589 --> 00:03:58,319

all right i don't know it's a long ride

118

00:04:03,750 --> 00:03:59,599

back there and there's you know no

119

00:04:05,509 --> 00:04:03,760

bathroom so no it is a long ride yeah

120

00:04:08,149 --> 00:04:05,519

all right so we'll say we'll say goodbye
