

1

00:00:01,416 --> 00:00:05,706

[Huntsville:] Station, Huntsville on space-to-ground 1 for Dan and Robonaut.

2

00:00:06,906 --> 00:00:12,066

We are a go to proceed with step 4.3 at this time.

3

00:00:14,326 --> 00:00:18,796

[Expedition 30 Commander Dan Burbank:] Here's 4.3, and you're ready as soon as I -

4

00:00:18,886 --> 00:00:24,716

with 4.3 complete and standing by on that - you're ready for 4.4?

5

00:00:24,716 --> 00:00:25,396

[Huntsville:] That is affirmed.

6

00:00:25,396 --> 00:00:28,246

You are a go to proceed to the end of the program.

7

00:00:28,976 --> 00:00:35,336

[Burbank:] Hey, very good, the first human-humanoid handshake in space.

8

00:00:59,876 --> 00:01:03,656

[Commentator:] So man meets machine aboard the International Space Station

9

00:01:03,656 --> 00:01:08,206

as Expedition 30 Commander Dan Burbank reaches out and shakes the hand of Robonaut.

10

00:01:23,616 --> 00:01:29,346

[Huntsville:] And Dan, Huntsville is back with you on cue with a cheering control room

11

00:01:29,346 --> 00:01:31,656
and congratulations on that first handshake.

12
00:01:37,886 --> 00:01:40,006
[Burbank:] For the record
it was a firm handshake.

13
00:01:40,926 --> 00:01:44,646
Very nice, nice job on the
programming and all the engineering.

14
00:01:44,796 --> 00:01:48,066
Quite an impressive robot.

15
00:01:54,376 --> 00:01:55,396
[Huntsville:] Thank you.
