1  
00:00:04,386 --> 00:00:06,686  
[Crew member:] All right. All right.

2  
00:00:06,686 --> 00:00:09,006  
Thank you so much guys.

3  
00:00:09,006 --> 00:00:12,566  
You're a good team, a good flight together.

4  
00:00:12,566 --> 00:00:14,633  
[Inaudible]

5  
00:00:14,633 --> 00:00:16,236  
[Russian] Andre, my dear friend!

6  
00:00:16,236 --> 00:00:24,303  
[Inaudible]

7  
00:00:24,303 --> 00:00:26,746  
[Flight Engineer Don Pettit:]  
Thanks for everything

8  
00:00:26,746 --> 00:00:28,406  
that you've been contributing up here, Dan.

9  
00:00:28,406 --> 00:00:32,846  
[Commander Dan Burbank:] See  
you in a couple of months.

10  
00:00:34,846 --> 00:00:35,206  
[Crew member:] Hey!

11  
00:00:35,206 --> 00:00:59,071  
[Russian]

12  
00:00:59,071 --> 00:01:01,556  
Bye bye!

13  
00:01:12,466 --> 00:01:17,446  
[Commentator:] Oleg Kononenko here closing the International Space Station side of the hatch.

14  
00:01:25,626 --> 00:01:34,626  
[Russian]

15  
00:01:34,806 --> 00:01:39,746  
[Commentator:] As you can see, Soyuz-TMA-22 now undocking.

16  
00:01:39,746 --> 00:01:44,396  
That took place right on time at 3:18 a.m. Central time, officially wrapping

17  
00:01:44,396 --> 00:01:50,086  
up Expedition 30 and ending Commander Dan Burbank's and Flight Engineers Anton Shkaplerov

18  
00:01:50,086 --> 00:01:52,426  
and Anatoly Ivanishin's time at the space station.

19  
00:01:54,666 --> 00:01:58,896  
They spent a total of 163 days aboard the International Space Station since their docking

20  
00:01:58,896 --> 00:02:02,126  
to the Poisk Mini-Research Module 2 on Nov.
