

1
00:00:01,006 --> 00:00:02,556
[Commentator] Approaching
10 meters now.

2
00:00:02,796 --> 00:00:04,936
Everything in perfect
shape, good alignment.

3
00:00:05,656 --> 00:00:06,676
Good rate of closure.

4
00:00:07,596 --> 00:00:09,746
Now at about one-tenth
of a meter per second.

5
00:00:15,166 --> 00:00:17,816
[Translator] The
vehicle is moving very,

6
00:00:17,816 --> 00:00:21,006
very smoothly, very gradually.

7
00:00:21,066 --> 00:00:26,216
The target is basically
smack in the center.

8
00:00:27,596 --> 00:00:30,656
[Speaking Russian]

9
00:00:30,756 --> 00:00:33,656
[Translator]
The target is very, very well.

10
00:00:33,656 --> 00:00:38,616
Visible. The control target
is also at the center.

11
00:00:38,616 --> 00:00:39,786
Standing by for contact.

12

00:00:42,356 --> 00:00:44,166

[Commentator] And as you heard,
flight controllers now standing

13

00:00:44,166 --> 00:00:48,236

by for contact and capture and
the docking of the Soyuz TMA-04M

14

00:00:48,236 --> 00:00:50,196

to the International
Space Station.

15

00:00:51,666 --> 00:00:54,286

[Translator] It's
gorgeous, just beautiful.

16

00:00:59,826 --> 00:01:03,406

[Speaking Russian]

17

00:01:03,506 --> 00:01:08,001

[Translator] Gennady you have to have
ice running through your veins.

18

00:01:24,296 --> 00:01:26,566

[Speaking Russian]

19

00:01:26,696 --> 00:01:06,566

[Translator] Contact.

20

00:01:32,096 --> 00:01:33,496

[Translator] And capture.

21

00:01:33,566 --> 00:01:34,766

[Translator] Congratulations
to everyone.

22

00:01:37,266 --> 00:01:39,946

[Translator] And we're

also applauding just

23

00:01:39,956 --> 00:01:40,726

in case you can't hear it.

24

00:01:43,066 --> 00:01:44,826

[Commentator] A perfect
automated approach.

25

00:01:44,836 --> 00:01:48,896

Docking occurring over the
Mongolian/Kazakh border

26

00:01:48,996 --> 00:01:54,266

at 8:36 a.m. Moscow time,
11:36 p.m. Central time.

27

00:01:55,266 --> 00:01:58,516

249 miles over the Earth three
new residents have arrived

28

00:01:58,516 --> 00:02:00,776

at the International
Space Station on this,
