

1
00:00:42,889 --> 00:00:06,550
here is the farewells that just took

2
00:00:42,899 --> 00:00:51,150
hi Jia Jia Jia Jia

3
00:00:51,160 --> 00:01:26,600
you

4
00:01:33,359 --> 00:01:30,380
there is padalka with a final handshake

5
00:01:36,210 --> 00:01:33,369
to kononenko kuipers and pettit and then

6
00:01:38,490 --> 00:01:36,220
the closing of the inner hatch there are

7
00:01:40,950 --> 00:01:38,500
a series of hatches between the soyuz

8
00:01:43,760 --> 00:01:40,960
spacecraft and the Rassvet module to

9
00:01:46,230 --> 00:01:43,770
which it is docked very small passageway

10
00:01:47,999 --> 00:01:46,240
tunnel if you will that leads from one

11
00:01:50,580 --> 00:01:48,009
spacecraft into the international space

12
00:01:54,029 --> 00:01:50,590
station the dock is securing the inner

13
00:01:57,870 --> 00:01:54,039

hatch you'll see it closed just a moment

14

00:01:59,699 --> 00:01:57,880

from now and then leak checks began just

15

00:02:02,190 --> 00:01:59,709

a couple of minutes ago on either side

16

00:02:05,969 --> 00:02:02,200

of that docking interface between the

17

00:02:08,430 --> 00:02:05,979

Soyuz and Ross via that will lead

18

00:02:12,120 --> 00:02:08,440

eventually to the undocking three hours

19

00:02:15,030 --> 00:02:12,130

three minutes from now of the soyuz
