

1  
00:00:05,830 --> 00:00:09,740  
And physical separation  
has been confirmed on time

2  
00:00:09,740 --> 00:00:15,390  
at 4:19 p.m. central time.

3  
00:00:15,390 --> 00:00:18,820  
Progress 47 will now back away

4  
00:00:18,820 --> 00:00:20,400  
from the International  
Space Station

5  
00:00:20,400 --> 00:00:23,970  
and will begin a separation rate

6  
00:00:23,970 --> 00:00:27,670  
that will eventually place it  
safely away from the station

7  
00:00:27,670 --> 00:00:31,910  
for a few weeks of additional  
engineering tests unrelated

8  
00:00:31,910 --> 00:00:36,390  
to the Kurs NA docking  
system before it is deorbited
