

1
00:00:09,430 --> 00:00:04,950
houston station we are ready for the

2
00:00:09,440 --> 00:00:15,350
we are ready

3
00:00:20,550 --> 00:00:18,230
okay well welcome to the 3334 change of

4
00:00:21,429 --> 00:00:20,560
command ceremony today here on the good

5
00:00:23,750 --> 00:00:21,439
ship

6
00:00:25,910 --> 00:00:23,760
international space station

7
00:00:28,950 --> 00:00:25,920
um we're going to hand over today a

8
00:00:31,830 --> 00:00:28,960
command from myself to kevin ford

9
00:00:33,990 --> 00:00:31,840
i just wanted to reflect a couple things

10
00:00:35,510 --> 00:00:34,000
about our time up here and just time in

11
00:00:37,270 --> 00:00:35,520
history

12
00:00:40,069 --> 00:00:37,280
sort of was brought to our attention on

13
00:00:41,990 --> 00:00:40,079

the 55th anniversary of sputnik that

14

00:00:43,990 --> 00:00:42,000

that was sort of a cool event

15

00:00:45,510 --> 00:00:44,000

that we actually launched satellites

16

00:00:47,670 --> 00:00:45,520

from the japanese portion of the space

17

00:00:50,150 --> 00:00:47,680

station on that day so i got to thinking

18

00:00:51,830 --> 00:00:50,160

about what's been going on in the last

19

00:00:53,910 --> 00:00:51,840

couple years

20

00:00:56,310 --> 00:00:53,920

about 100 years ago the girl scouts were

21

00:00:57,830 --> 00:00:56,320

founded oreos were founded

22

00:00:59,510 --> 00:00:57,840

those are significant events and a lot

23

00:01:01,590 --> 00:00:59,520

of other really cool things happened all

24

00:01:02,549 --> 00:01:01,600

over the world at that point in time as

25

00:01:05,189 --> 00:01:02,559

well

26
00:01:06,870 --> 00:01:05,199
uh national parks were founded um a lot

27
00:01:09,190 --> 00:01:06,880
of great things all over the world

28
00:01:12,230 --> 00:01:09,200
including aviation started too

29
00:01:13,830 --> 00:01:12,240
uh 50 years ago i mentioned already

30
00:01:15,830 --> 00:01:13,840
sputnik

31
00:01:18,070 --> 00:01:15,840
was pretty major event for all of us

32
00:01:19,990 --> 00:01:18,080
that got us here today

33
00:01:22,630 --> 00:01:20,000
25 years ago

34
00:01:25,190 --> 00:01:22,640
aki just graduated from high school

35
00:01:27,590 --> 00:01:25,200
yuri was flying airplanes and i in the

36
00:01:29,830 --> 00:01:27,600
united states became legal drinking age

37
00:01:32,310 --> 00:01:29,840
so a bunch of interesting half things

38
00:01:35,030 --> 00:01:32,320

happened 25 years ago

39

00:01:36,469 --> 00:01:35,040

10 years ago a little over 10 years ago

40

00:01:38,230 --> 00:01:36,479

people became living on this

41

00:01:40,469 --> 00:01:38,240

international space station

42

00:01:42,310 --> 00:01:40,479

for a permanent presence

43

00:01:45,109 --> 00:01:42,320

and um

44

00:01:48,469 --> 00:01:45,119

we are honored to be uh fulfilling that

45

00:01:49,190 --> 00:01:48,479

dream and living that dream right now

46

00:01:51,590 --> 00:01:49,200

so

47

00:01:53,590 --> 00:01:51,600

i just wonder what is going to happen

48

00:01:56,389 --> 00:01:53,600

or what our future is

49

00:02:00,630 --> 00:01:56,399

lies in store for us 10 years 25 years

50

00:02:03,270 --> 00:02:02,469

i think we've left the ship in good

51

00:02:06,310 --> 00:02:03,280

shape

52

00:02:08,949 --> 00:02:06,320

and i'm honored to hand it over to kevin

53

00:02:10,309 --> 00:02:08,959

although he's an air force guy so we

54

00:02:11,910 --> 00:02:10,319

have to make him a little more navy

55

00:02:14,390 --> 00:02:11,920

because it is a ship

56

00:02:15,510 --> 00:02:14,400

so i have a little present for him first

57

00:02:17,270 --> 00:02:15,520

to

58

00:02:19,110 --> 00:02:17,280

this is a navy pennant

59

00:02:22,309 --> 00:02:19,120

that if you hold this for a second

60

00:02:23,910 --> 00:02:22,319

flies over uh navy ships when the

61

00:02:25,670 --> 00:02:23,920

commander is on board

62

00:02:28,390 --> 00:02:25,680

so this is for you thank you very much

63

00:02:31,589 --> 00:02:29,670

and now

64

00:02:33,030 --> 00:02:31,599

you know the gibba baton

65

00:02:34,070 --> 00:02:33,040

came up and

66

00:02:36,390 --> 00:02:34,080

that was

67

00:02:38,229 --> 00:02:36,400

a idea from eugenie's daughter

68

00:02:39,990 --> 00:02:38,239

and there's four of us living here in

69

00:02:42,949 --> 00:02:40,000

node two and it's pretty crowded the

70

00:02:45,350 --> 00:02:42,959

gimbap dom is not lonely but with two of

71

00:02:47,830 --> 00:02:45,360

us leaving he might be lonely and so i'm

72

00:02:49,030 --> 00:02:47,840

going to give him a friend

73

00:02:51,270 --> 00:02:49,040

we know what to do with that we know

74

00:02:52,630 --> 00:02:51,280

what to do with that

75

00:02:55,990 --> 00:02:52,640

and i'm not sure

76

00:03:01,270 --> 00:02:57,990

magnum p.i is but

77

00:03:02,869 --> 00:03:01,280

a leg is our magnum pi and with that he

78

00:03:05,110 --> 00:03:02,879

gets the traditional

79

00:03:08,390 --> 00:03:05,120

hawaiian shirt that's been on the iss

80

00:03:10,070 --> 00:03:08,400

for quite some time thank you so much

81

00:03:12,470 --> 00:03:10,080

so as you can see we have a great crew

82

00:03:13,990 --> 00:03:12,480

up here us who are going home

83

00:03:22,149 --> 00:03:14,000

very shortly and the ones who are taking

84

00:03:22,159 --> 00:03:28,710

you turned off the mic

85

00:03:32,149 --> 00:03:30,470

thank you very much i i hope you heard

86

00:03:34,149 --> 00:03:32,159

all of sunny's words they were they were

87

00:03:35,190 --> 00:03:34,159

very nice words and we do appreciate the

88

00:03:37,670 --> 00:03:35,200

gifts

89

00:03:40,149 --> 00:03:37,680

we appreciate also the great handover

90

00:03:42,789 --> 00:03:40,159

we've gotten from you guys it's been

91

00:03:44,869 --> 00:03:42,799

relatively short not as

92

00:03:46,869 --> 00:03:44,879

some some have been shorter but three

93

00:03:49,750 --> 00:03:46,879

weeks is a pretty short handover

94

00:03:51,990 --> 00:03:49,760

and between oleg you have guinea and i

95

00:03:53,350 --> 00:03:52,000

we have all together if you combine all

96

00:03:55,509 --> 00:03:53,360

of our space time we have about three

97

00:03:57,750 --> 00:03:55,519

months total time and space

98

00:03:59,990 --> 00:03:57,760

so far and if you combine the time of

99

00:04:01,270 --> 00:04:00,000

sunny and aki and yuri they have three

100

00:04:03,750 --> 00:04:01,280

years

101
00:04:05,990 --> 00:04:03,760
of total time and space living in space

102
00:04:07,429 --> 00:04:06,000
so they really had a lot to offer us we

103
00:04:08,869 --> 00:04:07,439
learned a tremendous amount from them

104
00:04:10,070 --> 00:04:08,879
and they were really really good about

105
00:04:11,990 --> 00:04:10,080
sharing it

106
00:04:13,990 --> 00:04:12,000
we're not really ready to see them go to

107
00:04:16,229 --> 00:04:14,000
be honest but but it's time for them to

108
00:04:17,909 --> 00:04:16,239
get home they need to land at a time

109
00:04:20,069 --> 00:04:17,919
when the

110
00:04:21,909 --> 00:04:20,079
rescue forces can get to them and find

111
00:04:23,430 --> 00:04:21,919
them easily and get them safely back to

112
00:04:25,030 --> 00:04:23,440
their families

113
00:04:26,790 --> 00:04:25,040

it's been a pleasure serving with them

114

00:04:28,390 --> 00:04:26,800

sonny said she hopes she's left the

115

00:04:30,950 --> 00:04:28,400

station in great shape and they have the

116

00:04:32,390 --> 00:04:30,960

space station is in remarkably good

117

00:04:34,870 --> 00:04:32,400

condition it's

118

00:04:37,030 --> 00:04:34,880

ready full full of utilization the

119

00:04:39,350 --> 00:04:37,040

exercise equipment is fantastic the

120

00:04:41,830 --> 00:04:39,360

facilities are fantastic everything is

121

00:04:43,430 --> 00:04:41,840

in order the ground teams are running uh

122

00:04:45,270 --> 00:04:43,440

really well and harmoniously with the

123

00:04:47,430 --> 00:04:45,280

crew and the training to get here has

124

00:04:50,230 --> 00:04:47,440

been great so we're ready for a great

125

00:04:52,230 --> 00:04:50,240

expedition uh we'll be uh we'll be here

126
00:04:53,270 --> 00:04:52,240
holding down the fort for

127
00:04:55,189 --> 00:04:53,280
maybe four

128
00:04:56,710 --> 00:04:55,199
four or so weeks until the rest of the

129
00:04:58,629 --> 00:04:56,720
crew gets here to complement expedition

130
00:04:59,670 --> 00:04:58,639
34 and we're looking forward to doing a

131
00:05:01,990 --> 00:04:59,680
lot of science and getting a lot of

132
00:05:04,550 --> 00:05:02,000
utilization done uh now that the space

133
00:05:06,469 --> 00:05:04,560
station is fully up and ready to go so

134
00:05:08,550 --> 00:05:06,479
thanks to everybody on the ground thanks

135
00:05:10,230 --> 00:05:08,560
to sonny and a crew thank you for a

136
00:05:11,670 --> 00:05:10,240
great handover and i'm ready to assume

137
00:05:36,230 --> 00:05:11,680
command of the international space

138
00:05:39,990 --> 00:05:38,230

and houston that concludes the change of

139

00:05:41,510 --> 00:05:40,000

command ceremony thanks for coming on

140

00:05:44,070 --> 00:05:41,520

board with us

141

00:05:46,310 --> 00:05:44,080

thank you so much it was a great job and
