

1
00:00:02,240 --> 00:00:05,430
we're telling tales of

2
00:00:10,950 --> 00:00:07,670
and just enjoying the holiday we're all

3
00:00:12,549 --> 00:00:10,960
finally up and kind of getting around

4
00:00:14,629 --> 00:00:12,559
how are things in the control room this

5
00:00:16,630 --> 00:00:14,639
morning

6
00:00:19,029 --> 00:00:16,640
oh they're going great we started off

7
00:00:20,230 --> 00:00:19,039
our shift with uh santa

8
00:00:21,830 --> 00:00:20,240
uh

9
00:00:22,870 --> 00:00:21,840
came to visit right at the beginning of

10
00:00:28,310 --> 00:00:22,880
the shift

11
00:00:33,110 --> 00:00:30,230
they do uh they do look alike they

12
00:00:36,950 --> 00:00:35,030
so we have that and i won't tell you all

13
00:00:38,709 --> 00:00:36,960

of the christmas goodies that we are

14

00:00:39,830 --> 00:00:38,719

eating since you know you don't have

15

00:00:44,310 --> 00:00:39,840

that

16

00:00:51,430 --> 00:00:47,110

so our table is building we're going to

17

00:00:55,510 --> 00:00:53,189

i learned that from i learned that from

18

00:01:03,590 --> 00:00:55,520

an article that oleg's wife wrote in a

19

00:01:06,550 --> 00:01:04,710

and now we're going to have that on

20

00:01:08,870 --> 00:01:06,560

board today as we fly around the world

21

00:01:10,149 --> 00:01:08,880

15 or 16 times over the course of the

22

00:01:13,510 --> 00:01:10,159

christmas day

23

00:01:16,469 --> 00:01:13,520

uh ginger are all the control centers uh

24

00:01:20,149 --> 00:01:18,149

yes we're shipping the video over to

25

00:01:24,070 --> 00:01:20,159

moscow and everybody else should have

26

00:01:27,510 --> 00:01:25,109

all right

27

00:01:30,230 --> 00:01:27,520

we okay well we have as you can see

28

00:01:32,789 --> 00:01:30,240

santa visited us last night too i think

29

00:01:35,510 --> 00:01:32,799

his initials were bhp

30

00:01:38,390 --> 00:01:35,520

maybe too but uh theta did come pay us a

31

00:01:40,230 --> 00:01:38,400

visit even off the planet his reindeer

32

00:01:42,149 --> 00:01:40,240

are faster and most people give them

33

00:01:43,990 --> 00:01:42,159

credit for obviously had to get to about

34

00:01:45,030 --> 00:01:44,000

17 000 plus miles per hour for a

35

00:01:46,870 --> 00:01:45,040

rendezvous

36

00:01:48,950 --> 00:01:46,880

left the saki gifts on board we have a

37

00:01:50,630 --> 00:01:48,960

yoca christmas tree

38

00:01:52,870 --> 00:01:50,640

and very good

39

00:01:54,389 --> 00:01:52,880

spirits on board everybody got to sleep

40

00:01:55,830 --> 00:01:54,399

in and we get to enjoy the day it's a

41

00:01:59,030 --> 00:01:55,840

great christmas day

42

00:02:00,389 --> 00:01:59,040

and we know i myself have seen that

43

00:02:02,789 --> 00:02:00,399

santa claus that looks like michael

44

00:02:03,990 --> 00:02:02,799

coats before as a capcom and we

45

00:02:05,270 --> 00:02:04,000

appreciate

46

00:02:07,749 --> 00:02:05,280

all the people who give up their

47

00:02:09,190 --> 00:02:07,759

christmas down there to be in uh and

48

00:02:10,389 --> 00:02:09,200

support us

49

00:02:13,270 --> 00:02:10,399

one of the things

50

00:02:15,350 --> 00:02:13,280

i think is important to remember is that

51
00:02:17,350 --> 00:02:15,360
what you guys are doing really is a gift

52
00:02:19,430 --> 00:02:17,360
that you're given to a lot of people in

53
00:02:21,350 --> 00:02:19,440
fact i think you're giving a gift to

54
00:02:23,270 --> 00:02:21,360
children 10 generations down the line

55
00:02:25,190 --> 00:02:23,280
who will benefit from what we're doing

56
00:02:26,550 --> 00:02:25,200
up here so

57
00:02:28,390 --> 00:02:26,560
there are people all over the world

58
00:02:30,470 --> 00:02:28,400
doing things in remote places they can't

59
00:02:32,070 --> 00:02:30,480
be home with their families we're just

60
00:02:33,750 --> 00:02:32,080
one of them but look at the look at the

61
00:02:35,830 --> 00:02:33,760
perks we have and how well we're taking

62
00:02:37,430 --> 00:02:35,840
care of up here and we really get to

63
00:02:39,509 --> 00:02:37,440

enjoy the holidays up here even though

64

00:02:41,990 --> 00:02:39,519

we're in a remote location in a way that

65

00:02:43,430 --> 00:02:42,000

a lot of people don't get so we wish

66

00:02:44,949 --> 00:02:43,440

them all the best and we hope everybody

67

00:02:46,070 --> 00:02:44,959

has a great christmas season down on the

68

00:02:47,190 --> 00:02:46,080

planet

69

00:02:48,309 --> 00:02:47,200

and with that

70

00:02:51,030 --> 00:02:48,319

we have

71

00:02:54,309 --> 00:02:51,040

very talented people on board of all

72

00:02:56,309 --> 00:02:54,319

sorts and uh one of them just joined us

73

00:02:58,710 --> 00:02:56,319

uh chris hadfield's got a guitar that he

74

00:03:01,910 --> 00:02:58,720

can play when juan plays as well oleg

75

00:03:03,830 --> 00:03:01,920

plays as well and i bet you there's

76
00:03:05,589 --> 00:03:03,840
musicians up here that haven't actually

77
00:03:07,910 --> 00:03:05,599
shown their hand yet because i think

78
00:03:09,670 --> 00:03:07,920
musical instruments disappear into caius

79
00:03:11,830 --> 00:03:09,680
at night and then reappear

80
00:03:14,710 --> 00:03:11,840
back out in the hallway so at some point

81
00:03:17,110 --> 00:03:14,720
maybe we'll have uh max q uh

82
00:03:19,350 --> 00:03:17,120
uh uh we're in orbit up here a little

83
00:03:20,869 --> 00:03:19,360
grease going so with that we're gonna

84
00:03:25,110 --> 00:03:20,879
just sing you a couple songs one of them

85
00:03:27,750 --> 00:03:25,120
to reflect kind of uh kind of our uh

86
00:03:34,949 --> 00:03:27,760
thoughts about in home and those at home

87
00:03:38,149 --> 00:03:36,630
yeah so i'll be home for christmas we're

88
00:03:40,550 --> 00:03:38,159

going to say that little tune i'm going

89

00:03:42,070 --> 00:03:40,560

to hum in the background and uh these

90

00:03:44,470 --> 00:03:42,080

guys are going to say the words and then

91

00:03:46,309 --> 00:03:44,480

we're going to also uh sing one more to

92

00:03:47,430 --> 00:03:46,319

finish off the traditional one and just

93

00:03:52,470 --> 00:03:47,440

make sure you guys don't know how much

94

00:04:03,830 --> 00:03:54,229

are you ready

95

00:04:28,150 --> 00:04:05,190

all right we got to get our photographer

96

00:04:28,160 --> 00:05:04,390

closed captioning not available

97

00:05:35,670 --> 00:05:13,749

is

98

00:05:35,680 --> 00:05:40,310

did you hear it

99

00:05:40,320 --> 00:05:45,909

you hear the applause

100

00:05:51,350 --> 00:05:49,670

i hear the applause that's awesome

101
00:05:53,189 --> 00:05:51,360
all right and of course we do wish you a

102
00:06:34,950 --> 00:05:53,199
merry christmas from one board so here

103
00:06:58,390 --> 00:06:37,830
wish you a merry christmas we wish you a

104
00:06:58,400 --> 00:07:03,189
you made our shift

105
00:07:06,710 --> 00:07:05,110
well that was the whole point that was

106
00:07:08,629 --> 00:07:06,720
the whole point so thank you guys for

107
00:07:10,070 --> 00:07:08,639
being down there we didn't forget about

108
00:07:12,070 --> 00:07:10,080
you when we woke up this morning even

109
00:07:14,309 --> 00:07:12,080
though we were quiet we came out of our

110
00:07:16,629 --> 00:07:14,319
bahamas and got the day going uh we know

111
00:07:19,110 --> 00:07:16,639
you're down there all the time always

112
00:07:20,710 --> 00:07:19,120
vigilant for things like iac transitions

113
00:07:22,710 --> 00:07:20,720

those sorts of things so

114

00:07:24,550 --> 00:07:22,720

thanks for watching over our backs and

115

00:07:26,309 --> 00:07:24,560

watching over our shoulders and taking

116

00:07:27,270 --> 00:07:26,319

good care of us so we can get up here

117

00:07:31,990 --> 00:07:27,280

and

118

00:07:33,830 --> 00:07:32,000

to be done for our great planet earth so

119

00:07:35,350 --> 00:07:33,840

you guys have a great day and we'll come

120

00:07:37,670 --> 00:07:35,360

back and say hi to the leaderships too

121

00:07:39,749 --> 00:07:37,680

hopefully thanks jinger

122

00:07:42,870 --> 00:07:39,759

all right thank you guys bye everybody

123

00:07:58,469 --> 00:07:53,029

merry christmas

124

00:08:49,190 --> 00:08:12,790

um

125

00:08:54,310 --> 00:08:51,110

hey we all locked up on cam houston with

126

00:08:56,310 --> 00:08:54,320

you on this christmas day

127

00:09:00,230 --> 00:08:56,320

yeah we got a great shot of you guys and

128

00:09:04,470 --> 00:09:02,630

all right well welcome on board uh

129

00:09:07,269 --> 00:09:04,480

international space station for this

130

00:09:08,550 --> 00:09:07,279

great holiday uh christmas is a very

131

00:09:10,230 --> 00:09:08,560

special time of year for most people in

132

00:09:12,310 --> 00:09:10,240

the united states and

133

00:09:14,790 --> 00:09:12,320

as you know uh almost all people in the

134

00:09:16,310 --> 00:09:14,800

world celebrate this season uh just uh

135

00:09:17,269 --> 00:09:16,320

the peace of the world and all that sort

136

00:09:19,430 --> 00:09:17,279

of thing

137

00:09:21,350 --> 00:09:19,440

and uh we're up here having a great

138

00:09:23,190 --> 00:09:21,360

holiday today and we really appreciate

139

00:09:25,910 --> 00:09:23,200

you let us have a little downtime and

140

00:09:27,829 --> 00:09:25,920

give us some time off uh we're at this

141

00:09:29,430 --> 00:09:27,839

beautiful facility and we've had a

142

00:09:31,750 --> 00:09:29,440

wonderful day and i would just want to

143

00:09:33,829 --> 00:09:31,760

say is it is no sacrifice for us to be

144

00:09:35,590 --> 00:09:33,839

up here and away we are away from our

145

00:09:37,190 --> 00:09:35,600

loved ones to sacrifice on the part of

146

00:09:39,350 --> 00:09:37,200

our loved ones but

147

00:09:42,710 --> 00:09:39,360

for us we're really really enjoying

148

00:09:44,630 --> 00:09:42,720

being in space and we appreciate

149

00:09:46,310 --> 00:09:44,640

what you've done to put us up here you

150

00:09:48,710 --> 00:09:46,320

on the other hand are working today in

151
00:09:50,550 --> 00:09:48,720
mission control and supporting us down

152
00:09:52,310 --> 00:09:50,560
there and i know you're giving up a lot

153
00:09:53,590 --> 00:09:52,320
to be in today as there are a lot of

154
00:09:54,949 --> 00:09:53,600
people around the world who are serving

155
00:09:56,710 --> 00:09:54,959
their country

156
00:09:58,790 --> 00:09:56,720
and as i mentioned for the shift this

157
00:10:00,230 --> 00:09:58,800
morning you guys down there really

158
00:10:02,310 --> 00:10:00,240
represent

159
00:10:03,910 --> 00:10:02,320
a team that's given a gift to what i

160
00:10:05,990 --> 00:10:03,920
think will be a gift to children for

161
00:10:06,870 --> 00:10:06,000
generations to come 20 generations down

162
00:10:08,550 --> 00:10:06,880
the road

163
00:10:10,710 --> 00:10:08,560

the children on this planet will benefit

164

00:10:12,550 --> 00:10:10,720

from what you're doing with this

165

00:10:14,150 --> 00:10:12,560

international space station to make the

166

00:10:15,430 --> 00:10:14,160

world a better place now we're on the

167

00:10:17,269 --> 00:10:15,440

leading edge

168

00:10:18,790 --> 00:10:17,279

the cutting edge and we are going to

169

00:10:21,030 --> 00:10:18,800

make a difference there's no question in

170

00:10:22,710 --> 00:10:21,040

any of our minds so welcome aboard thank

171

00:10:23,829 --> 00:10:22,720

you for this uh day of sacrifice you

172

00:10:25,910 --> 00:10:23,839

guys are putting in down in mission

173

00:10:27,910 --> 00:10:25,920

control and we wanted to just bring you

174

00:10:29,910 --> 00:10:27,920

up on board with us i'll let you share a

175

00:10:31,509 --> 00:10:29,920

little bit of our joy we have some news

176
00:10:33,030 --> 00:10:31,519
it turns out we got a bunch of musicians

177
00:10:33,670 --> 00:10:33,040
on board here they're all over the place

178
00:10:36,069 --> 00:10:33,680
and

179
00:10:37,750 --> 00:10:36,079
we've got a fantastic guitar chris

180
00:10:39,990 --> 00:10:37,760
hadfield knows how to tune that guitar

181
00:10:41,430 --> 00:10:40,000
so it's finally in fantastic shape and

182
00:10:43,750 --> 00:10:41,440
we're going to sing a couple songs we're

183
00:10:45,910 --> 00:10:43,760
even going to sing a different song and

184
00:10:48,470 --> 00:10:45,920
we sang to first chef that's how brave

185
00:10:49,750 --> 00:10:48,480
we are today so uh

186
00:10:51,269 --> 00:10:49,760
not that it didn't go well the first

187
00:10:53,750 --> 00:10:51,279
