1
00:00:15,910 --> 00:00:12,789
chairman of the examination board the

2
00:00:17,109 --> 00:00:15,920
prime crew of sayus therma 8 is ready

3
00:00:19,189 --> 00:00:17,119
for

4
00:00:27,990 --> 00:00:19,199
the examination well it's expedition 35

5
00:00:32,310 --> 00:00:29,669
so

6
00:00:45,190 --> 00:00:32,320
we have the documentation

7
00:00:56,549 --> 00:00:48,790
so it's actually stalin's

8
00:01:04,310 --> 00:00:58,709
the third i think was the date when

9
00:01:09,429 --> 00:01:05,350
okay

10
00:01:11,429 --> 00:01:09,439
well done put the date any questions

11
00:01:12,870 --> 00:01:11,439
we are ready

12
00:01:15,109 --> 00:01:12,880
you will have to talk about

13
00:01:17,510 --> 00:01:15,119

communication of course about many other

14

00:01:20,310 --> 00:01:17,520

things and very important details as

15

00:01:34,230 --> 00:01:22,310

details are very important please mind

16

00:01:40,550 --> 00:01:37,670

so we have an objective uh

17

00:01:42,789 --> 00:01:40,560

in this flight and our task will be to

18

00:01:46,389 --> 00:01:42,799

do it smoothly without any failures

19

00:01:48,310 --> 00:01:46,399

that's the main task of our crew

20

00:01:50,149 --> 00:01:48,320

for me it's just the uh

21

00:01:53,270 --> 00:01:50,159

the camaraderie of the international

22

00:01:56,709 --> 00:01:53,280

crew that we have with the canadian

23

00:01:58,230 --> 00:01:56,719

american russian and then italian uh

24

00:01:59,910 --> 00:01:58,240

luke when luca arrives later in the

25

00:02:01,350 --> 00:01:59,920

increment so that that camaraderie of

26

00:02:02,789 --> 00:02:01,360

all of us together working together on

27

00:02:05,270 --> 00:02:02,799

the international space station very

28

00:02:10,389 --> 00:02:09,029

i have nothing to to pile what english

29

00:02:12,229 --> 00:02:10,399

words

30

00:02:13,589 --> 00:02:12,239

i also think that

31

00:02:14,710 --> 00:02:13,599

it should be

32

00:02:16,070 --> 00:02:14,720

the most

33

00:02:21,750 --> 00:02:16,080

exciting

34

00:02:26,710 --> 00:02:24,470

so yesterday you took an exam

35

00:02:29,990 --> 00:02:26,720

on the russian segment uh what is the

36

00:02:32,309 --> 00:02:30,000

result of this exam

37

00:02:33,589 --> 00:02:32,319

we are satisfied with the results we had

38

00:02:34,710 --> 00:02:33,599

a high grade

39

00:02:37,190 --> 00:02:34,720

five

40

00:02:39,670 --> 00:02:37,200

so everything was nominal

41

00:02:40,790 --> 00:02:39,680

well we could have done better

42

00:02:43,670 --> 00:02:40,800

but they

43

00:02:47,990 --> 00:02:43,680

do not give a higher grade than five

44

00:02:55,910 --> 00:02:49,350

let's shake hands

45

00:02:55,920 --> 00:03:01,670

look at that place

46

00:03:01,680 --> 00:04:26,230

thank you thanks a lot
