

1  
00:00:12,120 --> 00:00:05,760  
and a closing covered this is still the

2  
00:00:15,810 --> 00:00:12,130  
BP h2 and cars they are all ready to

3  
00:00:19,580 --> 00:00:15,820  
open well with and there we go

4  
00:00:23,820 --> 00:00:19,590  
11:35 p.m. Central Time 12:35 a.m.

5  
00:00:27,870 --> 00:00:23,830  
Eastern Time the hatches are open the

6  
00:00:30,390 --> 00:00:27,880  
crews are currently flying 252 miles

7  
00:00:31,650 --> 00:00:30,400  
above Croatia heading down to the

8  
00:00:32,310 --> 00:00:31,660  
southeast but there you see them greedy

9  
00:00:50,240 --> 00:00:32,320  
one another

10  
00:00:54,299 --> 00:00:53,250  
so 7 hours and 52 minutes after

11  
00:00:58,590 --> 00:00:54,309  
launching from the Baikonur cosmodrome

12  
00:01:00,360 --> 00:00:58,600  
in Kazakhstan later earlier today these

13  
00:01:01,619 --> 00:01:00,370

crews are able to open up the hatches

14

00:01:06,630 --> 00:01:01,629

and greet one another and become a

15

00:01:08,639 --> 00:01:06,640

United expedition 35 the six-man crew

16

00:01:10,830 --> 00:01:08,649

now includes Roman Romanenko Chris

17

00:01:11,820 --> 00:01:10,840

Hadfield Tom Marshburn and the newly

18

00:01:59,880 --> 00:01:11,830

arrived crew of Pavel Vinogradov

19

00:02:27,300 --> 00:02:02,680

karate super math quiz ready Mission

20

00:02:32,070 --> 00:02:29,470

career continuing to float in Chris

21

00:02:35,230 --> 00:02:32,080

Cassidy there on the right-hand side

22

00:02:37,090 --> 00:02:35,240

your entire crew yes thank you Moscow

23

00:02:45,070 --> 00:02:37,100

the hell wearing a mustache apparently

24

00:02:50,370 --> 00:02:45,080

we see that from the video make sure to

25

00:02:54,220 --> 00:02:50,380

turn off the comm system and so used

26

00:02:54,960 --> 00:02:54,230

before you press on okay we'll do that

27

00:03:11,140 --> 00:02:54,970

now

28

00:03:21,740 --> 00:03:15,350

suppose canapes Moscow station

29

00:03:26,059 --> 00:03:21,750

space-to-ground dear friends Mission

30

00:03:28,720 --> 00:03:26,069

Control Moscow welcomes you onboard the

31

00:03:32,420 --> 00:03:28,730

International Space Station and

32

00:03:36,199 --> 00:03:32,430

congratulate you with the completion of

33

00:03:39,800 --> 00:03:36,209

yet another phase of flight and

34

00:03:45,380 --> 00:03:39,810

reuniting with crew members onboard the

35

00:03:49,099 --> 00:03:45,390

ISS your happy faces make us very proud

36

00:03:52,699 --> 00:03:49,109

that you have so successfully performed

37

00:03:54,740 --> 00:03:52,709

the entire flight program when and I

38

00:03:57,500 --> 00:03:54,750

would like to hand it over now to your

39

00:04:02,110 --> 00:03:57,510

friends family members and honorary

40

00:04:06,589 --> 00:04:02,120

guest who have gathered on the balcony

41

00:04:12,319 --> 00:04:06,599

so with that it is my great pleasure to

42

00:04:23,810 --> 00:04:12,329

hand it over to them good morning good

43

00:04:32,089 --> 00:04:23,820

morning mommy thank you so much thank

44

00:04:34,909 --> 00:04:32,099

you my dear I'm so proud of him thank

45

00:04:40,940 --> 00:04:34,919

you thank you so thank you mommy

46

00:04:44,500 --> 00:04:40,950

I can't believe it it took less than six

47

00:04:49,070 --> 00:04:44,510

hours for you to get up there it's

48

00:04:52,360 --> 00:04:49,080

incredible unbelievable I send my best

49

00:04:57,589 --> 00:04:52,370

wishes hugs and kisses to all of you

50

00:05:04,339 --> 00:04:57,599

Thank You marina congratulations on your

51  
00:05:05,060 --> 00:05:04,349  
first spaceflight thank you thank you

52  
00:05:07,730 --> 00:05:05,070  
daughter

53  
00:05:09,480 --> 00:05:07,740  
hi Chris Cassidy this is Tricia mattress

54  
00:05:12,060 --> 00:05:09,490  
OOP

55  
00:05:15,630 --> 00:05:12,070  
I treasure how are you great there your

56  
00:05:17,490 --> 00:05:15,640  
voice it's great to see that crew of six

57  
00:05:18,530 --> 00:05:17,500  
and it's safe to speak to Chris's

58  
00:05:20,880 --> 00:05:18,540  
on-orbit

59  
00:05:23,310 --> 00:05:20,890  
we almost didn't recognize you with that

60  
00:05:27,150 --> 00:05:23,320  
moustache you were sporting and I think

61  
00:05:29,250 --> 00:05:27,160  
absolutely fantastic do you guys we

62  
00:05:31,290 --> 00:05:29,260  
making today I think it took you less

63  
00:05:34,170 --> 00:05:31,300

time to get to station and it will for

64

00:05:45,050 --> 00:05:34,180

me to get to my home and Moscow from

65

00:05:56,090 --> 00:05:53,550

Thank You Brooke what's up my brother

66

00:06:03,540 --> 00:05:56,100

we're so happy to see you onboard

67

00:06:06,900 --> 00:06:03,550

finally good job and to Chris as well

68

00:06:14,370 --> 00:06:11,670

listen to your mentor of course I will

69

00:06:17,120 --> 00:06:14,380

do them and when you come back I'll have

70

00:06:30,630 --> 00:06:17,130

the sonar all set up and ready for you

71

00:06:33,470 --> 00:06:30,640

thank you thank you so much we're so

72

00:06:36,270 --> 00:06:33,480

happy for you

73

00:06:40,170 --> 00:06:36,280

but I can't wait for you to get back

74

00:06:48,870 --> 00:06:40,180

home my dear daughters thank you thank

75

00:06:55,500 --> 00:06:48,880

you so much there and say hi on my

76

00:07:07,720 --> 00:07:01,480

guys we're eternally happy for you

77

00:07:11,250 --> 00:07:07,730

where was your good health and honorably

78

00:07:16,120 --> 00:07:11,260

complete honorable completion of your

79

00:07:21,820 --> 00:07:16,130

flight program the real exogenous

80

00:07:26,380 --> 00:07:21,830

battery and we will anxiously await for

81

00:07:29,230 --> 00:07:26,390

your return mommy thank you thank you so

82

00:07:36,810 --> 00:07:29,240

much please don't worry about me

83

00:07:41,160 --> 00:07:36,820

everything's great I'm a good company I

84

00:07:45,840 --> 00:07:41,170

hope I you adapt to face environment

85

00:07:50,470 --> 00:07:45,850

quickly and we wish you all the best

86

00:07:52,300 --> 00:07:50,480

many many kisses thank you so much

87

00:07:57,850 --> 00:07:52,310

everything will be great

88

00:07:59,560 --> 00:07:57,860

don't worry daddy we can't wait for you

89

00:08:02,050 --> 00:07:59,570

to get back home but we still

90

00:08:17,680 --> 00:08:02,060

congratulate you on your first space

91

00:08:23,770 --> 00:08:17,690

flight thank you honey my dear friends

92

00:08:27,850 --> 00:08:23,780

once again congratulations to you on the

93

00:08:31,270 --> 00:08:27,860

beginning of your increment you know we

94

00:08:34,719 --> 00:08:31,280

should relax these issues tomorrow some

95

00:08:37,630 --> 00:08:34,729

of them hopefully you will always know

96

00:08:43,540 --> 00:08:37,640

that which a good care of you as we

97

00:08:49,680 --> 00:08:43,550

promised to do that and will rejoice on

98

00:08:54,040 --> 00:08:49,690

all of your achievements endeavours and

99

00:08:59,020 --> 00:08:54,050

we will always push people he would keep

100

00:09:03,190 --> 00:08:59,030

in touch have a great success and a lot
