>> Christina Hammock: Hi.

2
00:00:01,806 --> 00:00:05,406
I'm Christina Hammock, and I'm
a 2013 astronaut candidate.

3
00:00:06,346 --> 00:00:09,416
What actually inspired
me to make the move

4
00:00:09,416 --> 00:00:14,006
to actually do the application
was just reflecting on my career

5
00:00:14,006 --> 00:00:17,626
and realizing that through
following my own personal

6
00:00:17,626 --> 00:00:20,566
dreams, I had accumulated
a set of skills

7
00:00:20,566 --> 00:00:23,776
that I thought could really
be useful in contributing

8
00:00:23,776 --> 00:00:25,146
to human space flight.

9
00:00:25,316 --> 00:00:28,206
The big picture is that I really
look forward to being able

10
00:00:28,206 --> 00:00:31,276
to directly contribute to the
human space flight program.

11
00:00:31,316 --> 00:00:35,106

I really strongly believe in
both the practical aspects

12

00:00:35,106 --> 00:00:39,376
of the research being conducted
as well as the larger picture

13

00:00:39,486 --> 00:00:43,506
of the human spaceflight
program, bringing us forward
