

1
00:00:01,876 --> 00:00:02,126
>> Tyler Nick Hague: Hi.

2
00:00:02,126 --> 00:00:03,526
I'm Lieutenant Colonel
Nick Hague,

3
00:00:03,526 --> 00:00:05,886
2013 NASA astronaut candidate.

4
00:00:05,886 --> 00:00:08,876
My parents are going
to be excited.

5
00:00:08,876 --> 00:00:11,016
They know that this has
been a lifelong goal,

6
00:00:11,316 --> 00:00:14,326
trying to become
part of the program.

7
00:00:14,326 --> 00:00:17,876
My brothers, as they always
do, will give me a hard time,

8
00:00:17,876 --> 00:00:20,776
and you know, tell me
the challenges ahead

9
00:00:20,776 --> 00:00:24,516
of the training program, but
everybody's going to be excited.

10
00:00:25,476 --> 00:00:28,426
I wanted to become an
astronaut for a long time.

11
00:00:28,716 --> 00:00:31,606

This is my third
attempt at applying,

12

00:00:32,006 --> 00:00:37,176

and what really solidified my
interest in getting involved

13

00:00:37,176 --> 00:00:42,426

with the space program was when
I got involved with flight test

14

00:00:42,426 --> 00:00:45,416

up at Edwards Air Force Base,
going through test pilot school.

15

00:00:45,806 --> 00:00:52,666

The idea of getting to
discover new things and testing
