

1  
00:00:01,526 --> 00:00:03,386  
>> Victor Glover: I'm Lieutenant  
Commander Victor Glover,

2  
00:00:03,386 --> 00:00:06,306  
and I'm a 2013 NASA  
astronaut candidate.

3  
00:00:06,726 --> 00:00:12,746  
The thing that really  
draws me and excites me

4  
00:00:12,746 --> 00:00:15,816  
about the future is the  
opportunity to be a part

5  
00:00:16,526 --> 00:00:21,916  
of kindling America's passion  
for aerospace and space.

6  
00:00:22,246 --> 00:00:24,596  
I think there's something  
special about flying

7  
00:00:24,646 --> 00:00:26,726  
and especially flying in space

8  
00:00:27,006 --> 00:00:30,526  
that it just draws people's  
fascination and passions,

9  
00:00:30,846 --> 00:00:32,616  
and being a part of  
that is the thing

10  
00:00:32,616 --> 00:00:33,916  
that I think excites  
me the most.

11

00:00:34,646 --> 00:00:36,786

The first person that  
I told was my wife.

12

00:00:36,786 --> 00:00:40,656

As soon as I got off  
the phone with Janet

13

00:00:40,656 --> 00:00:44,346

and pinched myself a couple  
of times, I called my wife.

14

00:00:44,346 --> 00:00:48,016

We are actually in the  
process of negotiating orders.

15

00:00:48,016 --> 00:00:50,436

So I'm in the process of working  
with the Navy to determine

16

00:00:50,436 --> 00:00:51,456

where I would go next

17

00:00:51,456 --> 00:00:54,476

if the astronaut  
program didn't work out,

18

00:00:54,476 --> 00:00:58,006

and so my wife is very aware,  
and she's very keen to find

19

00:00:58,006 --> 00:00:59,466

out where we're going next.

20

00:00:59,466 --> 00:01:02,296

And so I called her, and  
I was able to tell her

21

00:01:02,296 --> 00:01:03,446

that now we know

where we're going.
