00:00:00,966 --> 00:00:06,038
[Background Sounds]

2
00:00:06,038 --> 00:00:08,407
>> Mr. Chairman of
the State Commission,

3
00:00:08,407 --> 00:00:12,545
the vehicle crew is ready
for the examination.

4
00:00:12,545 --> 00:00:16,082
Thank you very much for
the yesterday's questions.

5
00:00:16,082 --> 00:00:20,352
Go ahead. Do you have any
recommendations for us today?

6
00:00:20,352 --> 00:00:22,521
No, we actually don't.

7
00:00:22,521 --> 00:00:27,159
[Background Conversation]

8
00:00:27,159 --> 00:00:29,228
It doesn't matter for your crew

9
00:00:29,228 --> 00:00:31,263
which question we
are going to ask.

10
00:00:31,263 --> 00:00:33,532
You know everything.

11
00:00:33,532 --> 00:00:40,539
We can ask any questions,
you'll excel.

12
00:00:40,539 --> 00:00:49,615
[Background Sounds]

13
00:00:51,083 --> 00:00:53,285
Okay, so we don't have
any additional questions.

14
00:00:53,285 --> 00:00:56,555
We are ready for
the examination.

15
00:00:56,555 --> 00:01:05,564
[Background Sounds]

16
00:01:16,008 --> 00:01:19,612
>> We saw you take a test
card back there in preparation

17
00:01:19,612 --> 00:01:21,747
for your final exam [inaudible].

18
00:01:21,747 --> 00:01:27,553
What kinds of scenarios do you
think that you might be tested

19
00:01:27,553 --> 00:01:29,421
for as you prepare for
your final [inaudible]?

20
00:01:29,421 --> 00:01:33,526
>> Well, there's a wide
variety of scenarios,

21
00:01:33,526 --> 00:01:36,762
not normal situations,
that we could run into.

22
00:01:36,762 --> 00:01:38,330
The good thing is that most

23

00:01:38,330 --> 00:01:41,066
of those scenarios we practice
throughout our training flow,

24

00:01:41,066 --> 00:01:44,537
and so we should for any
of them that come our way.

25

00:01:44,537 --> 00:01:50,776
[Background Sounds]

26

00:01:50,776 --> 00:01:53,879
>> Oleg, I have a
question for you.

27

00:01:53,879 --> 00:01:56,682
You were taking these
examinations earlier during the

28

00:01:56,682 --> 00:02:00,619
previous missions, and you were
taking examination yesterday

29

00:02:00,619 --> 00:02:01,921
as well.

30

00:02:01,921 --> 00:02:03,789
So, what's the difference
between yesterday and today?

31

00:02:03,789 --> 00:02:05,658
So, yes, that's correct.

32

00:02:05,658 --> 00:02:07,826
Yesterday, we are
taking examination

33

00:02:07,826 --> 00:02:11,797

on the Russian segment
of the ISS.

34

00:02:11,797 --> 00:02:13,532

We had different tasks.

35

00:02:13,532 --> 00:02:17,603

The structure of questions was
different, and the approach

36

00:02:17,603 --> 00:02:19,638

of the whole examination
was different.

37

00:02:19,638 --> 00:02:23,609

Today, we're going to have
a more dynamic scenario.

38

00:02:23,609 --> 00:02:28,247

We will have to work as a team.

39

00:02:28,247 --> 00:02:32,585

So, yes, it will require
a lot of teamwork.

40

00:02:32,585 --> 00:02:34,220

So, today, we'll
help each other,

41

00:02:34,220 --> 00:02:37,289

and I'm sure the
result will be great.

42

00:02:39,491 --> 00:02:40,526

That's all.

43

00:02:40,526 --> 00:02:49,602

[Background Sounds]

44

00:02:54,073 --> 00:02:55,541

Let's go.

45

00:02:55,541 --> 00:03:04,550

[Background Sounds]

46

00:03:54,233 --> 00:03:56,535

Alright. So, they
are ready to start.
