

1  
00:00:09,110 --> 00:00:06,389  
and there is the soyuz in view of the

2  
00:00:11,430 --> 00:00:09,120  
international space station

3  
00:00:14,470 --> 00:00:11,440  
that entire soyuz spacecraft is about 23

4  
00:00:15,749 --> 00:00:14,480  
and a half feet from top to bottom

5  
00:00:16,950 --> 00:00:15,759  
you get a sense of exactly how big those

6  
00:00:19,670 --> 00:00:16,960  
solar arrays are whenever you take a

7  
00:00:21,269 --> 00:00:19,680  
look at them 35 feet wide which is about

8  
00:00:24,870 --> 00:00:21,279  
the size of a three and a half story

9  
00:00:31,029 --> 00:00:26,550  
the crew is currently in the middle

10  
00:00:33,670 --> 00:00:32,310  
the part that's staring at us straight

11  
00:00:34,709 --> 00:00:33,680  
ahead right now that is the orbital

12  
00:00:36,549 --> 00:00:34,719  
module that's the part that will

13  
00:00:38,869 --> 00:00:36,559

actually attach to the station but for

14

00:00:40,869 --> 00:00:38,879

now this fly around continuing

15

00:00:42,790 --> 00:00:40,879

yes always getting lined up for it's a

16

00:00:44,630 --> 00:00:42,800

station keeping where it will sort of

17

00:01:10,070 --> 00:00:44,640

pause and hold for a minute and then it

18

00:01:10,080 --> 00:01:37,910

yes we're great

19

00:01:42,389 --> 00:01:40,630

zero one two

20

00:01:50,789 --> 00:01:42,399

start getting the center cross hair is

21

00:01:50,799 --> 00:02:07,030

zero one three

22

00:02:09,910 --> 00:02:08,710

mechanical

23

00:02:15,630 --> 00:02:09,920

contact
