

1  
00:00:00,506 --> 00:00:10,516  
[ Music ]

2  
00:00:11,016 --> 00:00:11,083  
[ Background music ]

3  
00:00:11,083 --> 00:00:14,006  
>> Expedition 38 will return  
astronaut Rick Mastracchio

4  
00:00:14,006 --> 00:00:16,686  
to the International Space  
Station for the fourth time.

5  
00:00:17,356 --> 00:00:20,096  
His first three journeys were  
aboard space shuttles Atlantis,

6  
00:00:20,316 --> 00:00:21,666  
Endeavor and Discovery.

7  
00:00:22,566 --> 00:00:24,136  
Rick has completed  
six space walks

8  
00:00:24,196 --> 00:00:25,786  
in his nearly forty  
days in space.

9  
00:00:26,976 --> 00:00:28,776  
Rick is a native of  
Waterbury Connecticut

10  
00:00:29,056 --> 00:00:30,096  
and a father of three.

11  
00:00:30,906 --> 00:00:31,806  
He enjoys wood working.

12

00:00:33,516 --> 00:00:37,556

[ Music ]

13

00:00:38,056 --> 00:00:40,166

Soyuz Commander Mikhail

Tyurin has spent three hundred

14

00:00:40,166 --> 00:00:42,016

and forty days in

space over the course

15

00:00:42,016 --> 00:00:43,846

of his two long duration

missions.

16

00:00:44,296 --> 00:00:46,206

He has five space

walks to his credit.

17

00:00:46,626 --> 00:00:48,896

In his spare time

Mikhail enjoys sailing.

18

00:00:49,416 --> 00:00:50,976

He resides in Korolev, home

19

00:00:50,976 --> 00:00:53,846

of the Russian Federal Space

Agency Mission Control Center

20

00:00:54,086 --> 00:00:55,036

and has one daughter.

21

00:00:58,166 --> 00:01:02,146

Japan aerospace exploration

agency astronaut Dr. Koichi

22

00:01:02,146 --> 00:01:04,386

Wakata has journeyed

to space three times.

23

00:01:05,096 --> 00:01:07,446

He was Japan's first  
long duration astronaut

24

00:01:07,766 --> 00:01:10,756

and will become Japan's first  
space station commander during

25

00:01:10,816 --> 00:01:11,926

Expedition 39.

26

00:01:13,146 --> 00:01:16,926

Koichi is a father of one and  
enjoys hang gliding, baseball,

27

00:01:17,406 --> 00:01:18,756

tennis and snow skiing.

28

00:01:19,896 --> 00:01:22,916

Rick, Mikhail and Koichi will  
launch to the space station

29

00:01:22,966 --> 00:01:25,856

in their Soyuz spacecraft  
from the Baikonur Cosmodrome
