

1
00:00:00,506 --> 00:00:07,836
[Background sounds]

2
00:00:08,336 --> 00:00:11,496
>> Both of you has got quite
an experience participating

3
00:00:11,946 --> 00:00:14,436
in the Station's
construction, to participate

4
00:00:14,556 --> 00:00:15,856
in the preassembly
missions, [inaudible] each

5
00:00:15,856 --> 00:00:21,946
of you an assembly mission was
the long-term mission onboard

6
00:00:22,056 --> 00:00:22,616
the ISS.

7
00:00:22,686 --> 00:00:26,266
So you're about to
go to the Station.

8
00:00:26,266 --> 00:00:26,916
Does it feel like home?

9
00:00:29,536 --> 00:00:33,506
>> I'm sure I will feel as if
I'm coming back to my old home.

10
00:00:33,826 --> 00:00:37,336
I think it'll be a -- maybe
a few days before I go back

11
00:00:37,406 --> 00:00:39,796
to that stage but I'm very

much looking forward to that

12

00:00:39,936 --> 00:00:42,816

and since participating
in the assembly flight

13

00:00:43,266 --> 00:00:45,276

and now this is a
fully utilization space

14

00:00:45,326 --> 00:00:49,166

so I'm looking forward to
seeing this different stage

15

00:00:49,166 --> 00:00:50,846

of the Space Station.

16

00:00:50,846 --> 00:00:51,916

>> Yeah I agree.

17

00:00:52,046 --> 00:00:53,986

When I get there, it's going
to feel very familiar to me.

18

00:00:54,256 --> 00:00:55,326

I've been to the Space Station,

19

00:00:55,326 --> 00:00:57,146

this will be my 4th time
to the Space Station.

20

00:00:57,256 --> 00:00:58,376

SO it's very familiar to me.

21

00:00:58,846 --> 00:01:01,816

Of course, this time I'm going
to going there to live there

22

00:01:01,816 --> 00:01:03,236

and work there on
a regular basis.

23

00:01:03,236 --> 00:01:05,656

So I think I'll feel very
comfortable after a few days

24

00:01:06,216 --> 00:01:11,146

of living there and
working there.

25

00:01:11,286 --> 00:01:13,686

>> Thank you [inaudible].

26

00:01:14,516 --> 00:01:45,516

[Background sounds]

27

00:01:46,016 --> 00:01:46,083

>> [Foreign language spoken].

28

00:01:46,083 --> 00:01:46,466

>> We're ready.

29

00:01:46,466 --> 00:01:47,606

Is everything fine?

30

00:01:47,876 --> 00:01:49,346

Yeah so you looked
at the vehicle.

31

00:01:49,426 --> 00:01:49,946

We have.

32

00:01:49,946 --> 00:01:50,176

>> [Foreign language spoken]

33

00:01:50,176 --> 00:01:53,456

>> So you happy?

34

00:01:53,726 --> 00:01:56,196

Yes we are.

35

00:01:57,246 --> 00:02:01,656

Everything is good.

36

00:02:01,656 --> 00:02:02,116

>> [Foreign language spoken].

37

00:02:02,116 --> 00:02:03,016

>> Everything is good.

38

00:02:03,216 --> 00:02:04,336

Everything is nominal.

39

00:02:05,516 --> 00:02:09,696

[Foreign Language Spoken]

40

00:02:10,196 --> 00:02:12,356

>> So this is rocket launcher.

41

00:02:13,016 --> 00:02:16,776

So the paint is good and strong.

42

00:02:17,126 --> 00:02:18,546

Yes, let me go and show you.

43

00:02:19,516 --> 00:02:31,586

[Foreign Language Spoken]

44

00:02:32,086 --> 00:02:35,366

>> We're very happy to
welcome you at our museum.

45

00:02:35,406 --> 00:02:38,136

We would like to
show you around.

46

00:02:38,166 --> 00:02:39,976

Maybe take a few photos.

47

00:02:40,516 --> 00:02:47,546

[Foreign Language Spoken]

48

00:02:48,046 --> 00:02:53,866

>> Then we'll have another
special object dedicated a 50

49

00:02:53,906 --> 00:03:00,306

year anniversary of the first
flight of human, Yuri Gagarin.

50

00:03:00,446 --> 00:03:09,206

So this casing was
preserved and we would love

51

00:03:09,206 --> 00:03:14,636

to ask the astronauts
and cosmonauts
