

1
00:00:09,110 --> 00:00:07,430
dear chairman of the examination

2
00:00:16,150 --> 00:00:09,120
commission the crew members of

3
00:00:16,160 --> 00:00:45,990
always proceed

4
00:00:54,310 --> 00:00:47,270
thank you very much do you have any

5
00:00:58,630 --> 00:00:55,670
hello

6
00:01:03,590 --> 00:00:58,640
i would like to wish you good luck and

7
00:01:08,710 --> 00:01:05,910
thank you for wishing us good luck we're

8
00:01:10,710 --> 00:01:08,720
ready for everything and what we should

9
00:01:12,390 --> 00:01:10,720
be preparing for we'll find out a little

10
00:01:13,670 --> 00:01:12,400
bit later

11
00:01:16,950 --> 00:01:13,680
because we already pulled the

12
00:01:23,190 --> 00:01:19,190
well i put this same one in the same

13
00:01:27,749 --> 00:01:25,590

well we never know the contents of the

14

00:01:30,469 --> 00:01:27,759

card of course we just sign on the

15

00:01:34,870 --> 00:01:33,030

what are you feeling

16

00:01:38,069 --> 00:01:34,880

for the exam

17

00:01:41,270 --> 00:01:38,079

i am like a compressed spring ready

18

00:01:43,270 --> 00:01:41,280

ready for work

19

00:01:45,510 --> 00:01:43,280

i hope everything is going to work out

20

00:01:50,389 --> 00:01:47,590

yesterday you have gone through one

21

00:01:52,069 --> 00:01:50,399

examination are you happy with the

22

00:01:58,310 --> 00:01:52,079

result

23

00:02:00,469 --> 00:01:58,320

some small injuries or light injuries

24

00:02:02,469 --> 00:02:00,479

well probably we tried

25

00:02:06,069 --> 00:02:02,479

cards

26

00:02:08,550 --> 00:02:06,079

but otherwise it all went well the

27

00:02:10,469 --> 00:02:08,560

examination commission noted that the

28

00:02:12,309 --> 00:02:10,479

crew members are ready

29

00:02:14,470 --> 00:02:12,319

that's what i said

30

00:02:18,229 --> 00:02:14,480

so i think that our theoretical

31

00:02:21,510 --> 00:02:18,239

knowledge has uh already

32

00:02:24,309 --> 00:02:21,520

helped us gain experience well uh your

33

00:02:26,630 --> 00:02:24,319

flight engineer has a lucky hand

34

00:02:30,229 --> 00:02:26,640

oh the flight engineer yes do you have

35

00:02:32,550 --> 00:02:31,670

about the flight crew

36

00:02:33,430 --> 00:02:32,560

yes

37

00:02:35,430 --> 00:02:33,440

well

38

00:02:37,430 --> 00:02:35,440

first uh i they're good friends of mine

39

00:02:39,670 --> 00:02:37,440

and i enjoy being with them but they're

40

00:02:41,910 --> 00:02:39,680

also very confident at their jobs as

41

00:02:43,990 --> 00:02:41,920

being a cosmonauts and i really

42

00:02:45,670 --> 00:02:44,000

appreciate that because their control of

43

00:02:47,990 --> 00:02:45,680

this vehicle and

44

00:02:55,670 --> 00:02:48,000

i'm very happy to be riding along with

45

00:02:59,350 --> 00:02:57,589

how long will you be in the soyuz

46

00:03:01,270 --> 00:02:59,360

mock-up for your final exam training

47

00:03:03,509 --> 00:03:01,280

session today and what what might what

48

00:03:05,430 --> 00:03:03,519

scenarios might you expect to experience

49

00:03:08,309 --> 00:03:05,440

well we're going to start off with a

50

00:03:09,910 --> 00:03:08,319

launch going into the rendezvous and

51
00:03:11,830 --> 00:03:09,920
then after that we'll get a break and

52
00:03:13,670 --> 00:03:11,840
then we're going to come back and do a

53
00:03:15,430 --> 00:03:13,680
landing phase it's going to take most a

54
00:03:17,589 --> 00:03:15,440
day to get through all that so we'll be

55
00:03:23,430 --> 00:03:17,599
in here for uh in the vehicle for

56
00:03:26,710 --> 00:03:25,190
alexander

57
00:03:29,589 --> 00:03:26,720
could you tell us

58
00:03:32,949 --> 00:03:29,599
as a commander uh who's helping you

59
00:03:35,589 --> 00:03:32,959
relying more on which flight engineer

60
00:03:39,270 --> 00:03:35,599
well we see at different stages each of

61
00:03:41,670 --> 00:03:39,280
them can provide help

62
00:03:44,550 --> 00:03:41,680
i believe right now the crew has come

63
00:03:47,830 --> 00:03:44,560

together very well as a team so each one

64

00:03:50,149 --> 00:03:47,840

of us is going to be responsible for

65

00:03:52,070 --> 00:03:50,159

let's say it

66

00:03:54,149 --> 00:03:52,080

how should i put it well

67

00:03:55,509 --> 00:03:54,159

then we're going to play the role that

68

00:03:58,390 --> 00:03:55,519

has been

69

00:04:02,070 --> 00:03:58,400

designed for us

70

00:04:04,229 --> 00:04:02,080

what we ran out of our questions

71

00:04:05,830 --> 00:04:04,239

well

72

00:04:11,429 --> 00:04:05,840

let's do it

73

00:04:11,439 --> 00:04:16,150

quick look here
