

1  
00:00:05,920 --> 00:00:10,920  
Introducing the Expedition 40 / 41 Flight  
Crew.

2  
00:00:10,920 --> 00:00:16,260  
NASA Astronaut Reid Wiseman is a Naval aviator  
and test pilot. He has a master's degree in

3  
00:00:16,260 --> 00:00:22,130  
systems engineering from Johns Hopkins University.  
In 2009, while serving as a Lt. Commander

4  
00:00:22,130 --> 00:00:26,449  
on the aircraft carrier Eisenhower, Reid was  
selected by NASA to become an astronaut candidate.

5  
00:00:26,449 --> 00:00:31,369  
In his spare time, Reid enjoys golf, woodworking  
and running.

6  
00:00:31,369 --> 00:00:36,800  
Maxim Suraev returns to the International  
Space Station. A graduate from the Kacha Air

7  
00:00:36,800 --> 00:00:42,420  
Force Pilot School 1994, Max received a law  
degree from the Russian Academy of Civil Service

8  
00:00:42,420 --> 00:00:48,070  
in 2007. While serving as a flight engineer  
during Expedition 22, he performed a 5 hour

9  
00:00:48,070 --> 00:00:53,280  
and 44 minute spacewalk. Max is a qualified  
SCUBA diver.

10  
00:00:53,280 --> 00:00:57,530  
From Germany, first time space flier Alexander  
Gerst received a master's degree in Earth

11

00:00:57,530 --> 00:01:03,540

sciences from the Victoria University of Wellington,  
New Zealand. In 2010 Alex graduated with a

12

00:01:03,540 --> 00:01:08,290

Doctorate in Natural Sciences at the Institute  
of Geophysics from the University of Hamburg.

13

00:01:08,290 --> 00:01:15,290

He was selected as an ESA astronaut in May  
2009. Alex is a skydiver and a snowboarder.
