

M. CYPAEV
M. SURAEV

R. WISEMAN
P. BARKMAN

1
00:00:25,910 --> 00:00:13,190
is ready

2
00:00:31,029 --> 00:00:28,150
this is the international day of radio

3
00:00:34,630 --> 00:00:31,039
so there should be no mistakes

4
00:00:34,640 --> 00:00:39,510
and questions please

5
00:00:51,029 --> 00:00:40,549
max

6
00:00:55,590 --> 00:00:53,590
the crew always tried to get excellent

7
00:00:57,750 --> 00:00:55,600
grades it's our job

8
00:00:58,869 --> 00:00:57,760
it's a showcase our abilities of our

9
00:01:01,189 --> 00:00:58,879
knowledge

10
00:01:02,630 --> 00:01:01,199
of what's required throughout all of

11
00:01:05,109 --> 00:01:02,640
this time

12
00:01:07,429 --> 00:01:05,119
but sometimes it's different sometimes

13
00:01:09,350 --> 00:01:07,439

we'll get good grades sometimes we get

14

00:01:11,109 --> 00:01:09,360

get satisfactory gear rates sometimes we

15

00:01:14,070 --> 00:01:11,119

have to redo the exam

16

00:01:16,310 --> 00:01:14,080

it's an exam it's a complex thing

17

00:01:20,310 --> 00:01:16,320

it's a big thing but uh

18

00:01:26,070 --> 00:01:23,109

and we are eager to get excellent grades

19

00:01:28,950 --> 00:01:26,080

to get them with no comment we'll see in

20

00:01:33,830 --> 00:01:31,830

for nasa tv for read wise retreat

21

00:01:35,670 --> 00:01:33,840

you're an experienced fighter pilot

22

00:01:37,109 --> 00:01:35,680

pilot you've had thousands of hours of

23

00:01:38,469 --> 00:01:37,119

flight time on

24

00:01:40,390 --> 00:01:38,479

multiple different airplanes how would

25

00:01:41,990 --> 00:01:40,400

you compare your training now

26
00:01:46,069 --> 00:01:42,000
aboard the soyuz for what's going to be

27
00:01:50,710 --> 00:01:48,230
this is far more complicated overall

28
00:01:52,870 --> 00:01:50,720
it's uh it's two years of training to

29
00:01:54,950 --> 00:01:52,880
get to the end result of

30
00:01:57,350 --> 00:01:54,960
one launch for nine minutes

31
00:01:59,270 --> 00:01:57,360
and so when you really look at that uh

32
00:02:01,910 --> 00:01:59,280
each flight in a navy airplane is maybe

33
00:02:03,429 --> 00:02:01,920
a few hours uh but you do it routinely

34
00:02:04,870 --> 00:02:03,439
and this is just one shot and we have to

35
00:02:07,109 --> 00:02:04,880
know everything

36
00:02:10,710 --> 00:02:07,119
on our own basically with no help so

37
00:02:14,070 --> 00:02:12,390
and for nasa and for

38
00:02:16,710 --> 00:02:14,080

alexander garcia you could answer in

39

00:02:18,790 --> 00:02:16,720

both english and and german how do you

40

00:02:21,350 --> 00:02:18,800

feel about taking your final exams for

41

00:02:23,350 --> 00:02:21,360

the soy for your very first soyuz flight

42

00:02:26,229 --> 00:02:23,360

well today is the last day of my

43

00:02:27,750 --> 00:02:26,239

training it lasted five and a half years

44

00:02:29,350 --> 00:02:27,760

so i don't think there's

45

00:02:49,270 --> 00:02:29,360

many more words that i need to describe

46

00:02:53,589 --> 00:02:51,430

how intensive is going to be a space

47

00:02:55,830 --> 00:02:53,599

flight

48

00:03:00,149 --> 00:02:55,840

are there some experience that you

49

00:03:18,790 --> 00:03:14,070

if we talk about milestones

50

00:03:21,670 --> 00:03:18,800

an extensive scientific program

51
00:03:23,589 --> 00:03:21,680
are going to have three u.s space walks

52
00:03:24,550 --> 00:03:23,599
are going to have three russian space

53
00:03:27,270 --> 00:03:24,560
walks

54
00:03:31,430 --> 00:03:27,280
we have progress vehicles we have

55
00:03:35,750 --> 00:03:31,440
new us vehicles orbital and space x we

56
00:03:41,110 --> 00:03:38,070
so it's a very

57
00:03:43,190 --> 00:03:41,120
intensive extensive program

58
00:03:48,390 --> 00:03:43,200
is there anything new within the

59
00:03:52,390 --> 00:03:50,070
i think the one that

60
00:03:55,830 --> 00:03:52,400
i will especially enjoy is watching my

61
00:03:58,229 --> 00:03:55,840
two colleagues who once they get

62
00:03:59,830 --> 00:03:58,239
into space this will be the main

63
00:04:02,149 --> 00:03:59,840

psychological experiment i'll be

64

00:04:03,190 --> 00:04:02,159

conducting thank you very much

65

00:04:08,149 --> 00:04:03,200

that's it

66

00:04:27,590 --> 00:04:10,789

let's do it this way

67

00:04:33,430 --> 00:04:29,670

come on go ahead go ahead
