

1  
00:00:14,080 --> 00:00:27,029  
good morning

2  
00:00:27,039 --> 00:00:32,150  
very happy to see you

3  
00:00:32,160 --> 00:00:56,389  
hi how are you

4  
00:00:56,399 --> 00:01:11,109  
attention players

5  
00:01:15,429 --> 00:01:13,670  
for nasa tv for reed wiseman after two

6  
00:01:16,950 --> 00:01:15,439  
and a half years of training how are you

7  
00:01:18,390 --> 00:01:16,960  
feeling as you're preparing to leave

8  
00:01:20,390 --> 00:01:18,400  
star city for the final time in

9  
00:01:22,149 --> 00:01:20,400  
preparation for your flight honestly a

10  
00:01:24,390 --> 00:01:22,159  
little sad this is a beautiful day in

11  
00:01:26,390 --> 00:01:24,400  
star city uh but we're ready we're ready

12  
00:01:28,070 --> 00:01:26,400  
to get down to baikonur continue on with

13  
00:01:29,830 --> 00:01:28,080

our training two and a half years long

14

00:01:34,069 --> 00:01:29,840

time we're absolutely ready let's go to

15

00:01:37,270 --> 00:01:35,990

maxim a question for you

16

00:01:38,830 --> 00:01:37,280

how are you feeling

17

00:01:42,710 --> 00:01:38,840

are you feeling

18

00:01:44,710 --> 00:01:42,720

ready i would say 99 decimal nine

19

00:01:46,710 --> 00:01:44,720

percent and uh we'll pick up zero

20

00:01:48,469 --> 00:01:46,720

decimal one percent at baikonur because

21

00:01:50,870 --> 00:01:48,479

background will see the continuation of

22

00:01:52,789 --> 00:01:50,880

our preparation i'm fully confident my

23

00:01:55,190 --> 00:01:52,799

crew they know everything they can do

24

00:01:57,109 --> 00:01:55,200

everything and i can rely on them we're

25

00:01:58,310 --> 00:01:57,119

just as one body everything is going to

26

00:01:59,749 --> 00:01:58,320

be fine

27

00:02:01,109 --> 00:01:59,759

what is the most difficult in your

28

00:02:03,270 --> 00:02:01,119

training

29

00:02:05,030 --> 00:02:03,280

the most difficult the most difficult

30

00:02:07,109 --> 00:02:05,040

was um

31

00:02:09,270 --> 00:02:07,119

probably to wait because it's easy to

32

00:02:11,350 --> 00:02:09,280

work along with them

33

00:02:13,830 --> 00:02:11,360

it's great working with them i'd say

34

00:02:16,470 --> 00:02:13,840

it's probably wait wait till the time

35

00:02:18,390 --> 00:02:16,480

when the fly comes

36

00:02:19,990 --> 00:02:18,400

for alexander bruce for both nasa and

37

00:02:21,270 --> 00:02:20,000

issa if you can answer in english and

38

00:02:22,949 --> 00:02:21,280

german what are what are some of your

39

00:02:25,110 --> 00:02:22,959

main concerns you might be having before

40

00:02:26,470 --> 00:02:25,120

your mission actually i'm pretty relaxed

41

00:02:28,869 --> 00:02:26,480

you know as an astronaut your main

42

00:02:30,630 --> 00:02:28,879

concern is always that something slips

43

00:02:32,229 --> 00:02:30,640

between you and the launch and something

44

00:02:34,710 --> 00:02:32,239

like happens to you that you can't

45

00:02:36,790 --> 00:02:34,720

launch so that the more time progresses

46

00:02:38,309 --> 00:02:36,800

the closer we get to launch the less can

47

00:02:41,350 --> 00:02:38,319

slip in between so we're actually pretty

48

00:02:42,710 --> 00:02:41,360

relaxed absolutely and the last question

49

00:02:44,550 --> 00:02:42,720

what do you think about the future of

50

00:02:47,509 --> 00:02:44,560

our relationship between the u.s and

51  
00:02:53,270 --> 00:02:50,869  
we'll see what will happen we'll see

52  
00:02:54,630 --> 00:02:53,280  
folks are going to continue blogging and

53  
00:02:57,670 --> 00:02:54,640  
what are going to dedicate your free

54  
00:02:58,790 --> 00:02:57,680  
time to you this is going to be a secret

55  
00:03:00,309 --> 00:02:58,800  
max

56  
00:03:02,710 --> 00:03:00,319  
one more question

57  
00:03:04,630 --> 00:03:02,720  
you are growing wheat last time what are

58  
00:03:07,830 --> 00:03:04,640  
going to grow this time i think we're

59  
00:03:11,030 --> 00:03:07,840  
going to grow potatoes cabbage

60  
00:03:11,990 --> 00:03:11,040  
and bananas maybe

61  
00:03:13,430 --> 00:03:12,000  
crew

62  
00:03:24,309 --> 00:03:13,440  
i'd like to ask you to go to the

63  
00:03:24,319 --> 00:03:32,710

good luck
