

1
00:01:50,460 --> 00:00:04,539
nothing there always why I Maxine please

2
00:01:50,470 --> 00:01:56,770
over here

3
00:01:56,780 --> 00:02:37,650
then with my plan

4
00:02:37,660 --> 00:03:04,900
Maxine Maxine please look at us

5
00:03:04,910 --> 00:03:23,040
yeah the most important sisters

6
00:03:23,050 --> 00:03:43,220
20 stop feel fine

7
00:03:56,399 --> 00:03:53,369
go to the left over this ribbon maybe

8
00:03:58,589 --> 00:03:56,409
they can help us there well my question

9
00:04:00,750 --> 00:03:58,599
is well the space station the space

10
00:04:02,160 --> 00:04:00,760
station does not belong to any specific

11
00:04:03,990 --> 00:04:02,170
country belongs to the whole community

12
00:04:05,670 --> 00:04:04,000
which has been developing and building

13
00:04:07,879 --> 00:04:05,680

it what do you think about the

14

00:04:10,129 --> 00:04:07,889

importance of the cultivation

15

00:04:14,190 --> 00:04:10,139

international collaboration with the

16

00:04:16,050 --> 00:04:14,200

space station program once I mean just

17

00:04:18,330 --> 00:04:16,060

look right here the the flags that we

18

00:04:21,000 --> 00:04:18,340

all wear it doesn't matter who gets on

19

00:04:23,129 --> 00:04:21,010

that Soyuz and who goes up there it's we

20

00:04:25,110 --> 00:04:23,139

have a bunch of different countries that

21

00:04:27,930 --> 00:04:25,120

are involved in this and to me the best

22

00:04:29,550 --> 00:04:27,940

part is when you get this science

23

00:04:31,409 --> 00:04:29,560

involvement this community involvement

24

00:04:32,700 --> 00:04:31,419

then you bring these countries together

25

00:04:36,360 --> 00:04:32,710

and you build friendships relationships

26

00:04:38,670 --> 00:04:36,370

that that then in turn help out politics

27

00:04:40,170 --> 00:04:38,680

and so to me I really love the

28

00:04:42,000 --> 00:04:40,180

international cooperation that we've got

29

00:04:43,409 --> 00:04:42,010

up there and I love our crew I wouldn't

30

00:04:46,379 --> 00:04:43,419

want it any other way so it's perfect

31

00:04:47,879 --> 00:04:46,389

for us you sit in the spacecraft it

32

00:04:49,409 --> 00:04:47,889

really doesn't matter so much which
