

1
00:00:04,470 --> 00:00:02,389
this week at haas has been one of the

2
00:00:06,710 --> 00:00:04,480
best of my life although the work has

3
00:00:12,950 --> 00:00:06,720
been hard and challenging at some points

4
00:00:16,230 --> 00:00:14,549
to give everyone an idea of just how

5
00:00:17,990 --> 00:00:16,240
much fun we've had everyone will tell

6
00:00:26,310 --> 00:00:18,000
you what their favorite parts were

7
00:00:29,589 --> 00:00:27,910
i think my favorite part about this

8
00:00:31,269 --> 00:00:29,599
whole experience was collaborating with

9
00:00:35,990 --> 00:00:31,279
my team members and participating in the

10
00:00:39,190 --> 00:00:37,350
my favorite thing about this week was

11
00:00:45,510 --> 00:00:39,200
getting to know the rest of my team and

12
00:00:48,950 --> 00:00:47,029
my favorite part about this week was

13
00:00:59,029 --> 00:00:48,960

just interacting in our little nest of

14

00:01:02,069 --> 00:01:00,470

my favorite part was learning how to

15

00:01:09,750 --> 00:01:02,079

come together and work as a team because

16

00:01:19,190 --> 00:01:11,510

my favorite thing about my week costs

17

00:01:23,910 --> 00:01:21,830

my favorite thing about this week was

18

00:01:32,789 --> 00:01:23,920

seeing all the teams work together and

19

00:01:35,670 --> 00:01:34,230

my favorite part of this week was on

20

00:01:40,149 --> 00:01:35,680

apollo night when we went to speak to

21

00:01:41,590 --> 00:01:40,159

mill heflin about his career at nasa

22

00:01:43,270 --> 00:01:41,600

my favorite part about this week was

23

00:01:45,590 --> 00:01:43,280

listening to sarah schull and life

24

00:01:47,990 --> 00:01:45,600

support systems expert talk to us about

25

00:01:49,670 --> 00:01:48,000

water purification on the iss and how we

26

00:01:51,990 --> 00:01:49,680

would have to improve this and many

27

00:02:06,709 --> 00:01:52,000

other processes in order to be able to

28

00:02:09,990 --> 00:02:08,150

my favorite thing about houzz was

29

00:02:16,150 --> 00:02:10,000

meeting all the nasa engineers and

30

00:02:23,830 --> 00:02:17,990

my favorite thing about this week was

31

00:02:34,830 --> 00:02:25,589

during this interview i learned about

32

00:02:39,430 --> 00:02:36,949

spacesuits one of my favorite parts

33

00:02:41,509 --> 00:02:39,440

about this week was the lander challenge

34

00:02:43,509 --> 00:02:41,519

before the competition we got together

35

00:02:44,630 --> 00:02:43,519

and designed the lander under a budget

36

00:02:46,550 --> 00:02:44,640

constraint

37

00:02:48,630 --> 00:02:46,560

on thursday night we put it together and

38

00:02:50,550 --> 00:02:48,640

tested it by throwing it off of the

39

00:02:52,229 --> 00:02:50,560

third floor of a building

40

00:02:58,070 --> 00:02:52,239

my team and i both had a lot of fun in

41

00:03:02,830 --> 00:02:59,430

my favorite part of this week was

42

00:03:05,750 --> 00:03:02,840

getting to see all my ideas come to

43

00:03:06,869 --> 00:03:05,760

life at the end of the program each team

44

00:03:09,030 --> 00:03:06,879

presented their research in a

45

00:03:10,949 --> 00:03:09,040

preliminary design review grey team

46

00:03:12,710 --> 00:03:10,959

covered why we were going red team

47

00:03:14,550 --> 00:03:12,720

covered how we would get there

48

00:03:16,070 --> 00:03:14,560

white team covered how we would survive

49

00:03:18,630 --> 00:03:16,080

and blue team covered what our mission

50

00:03:20,630 --> 00:03:18,640

would be our specific sub-topics were

51
00:03:24,470 --> 00:03:20,640
the search for life rovers and robots

52
00:03:27,430 --> 00:03:26,070
at the end of such an amazing week i

53
00:03:29,350 --> 00:03:27,440
guess i'd have to say that the most

54
00:03:30,710 --> 00:03:29,360
important lesson our team learned was

55
00:03:32,309 --> 00:03:30,720
that when you come together as a group

56
00:03:36,070 --> 00:03:32,319
and work as hard as you can you can

57
00:03:43,750 --> 00:03:38,070
this group made me excited that they

58
00:03:47,670 --> 00:03:45,270
and we like to give a special thanks to

59
00:03:49,910 --> 00:03:47,680
the houston livestock show and rodeo r
